<p>FEMALE IN THE LOBBY TO REPORT NEIGHBOR TROUBLE</p> <p>Wanda Mitchell came into the lobby to complain about the neighbors. She claims that the neighbors laser lights have broken her solar lights, and they have dug up her rose bushes. She was also complaining that the neighbor children have been playing basketball in their driveway all the way up till 9pm. She inquired on the noise ordinance, and I informed her the noise from basketball wasn't excessive and the time it starts is 9pm. She also wished to inform us that the neighbor has friends over and they frequently park in front of her house, which bothered her. She said they could park up the street. I informed her if they were blocking her driveway, she could call us and we would take care of the problem. However, if her driveway isn't being blocked, they are parked legally and not breaking the law. I also advised of the 4a-6a parking ban and if she saw a vehicle parked on her street between those hours, she should contact us and we would give the vehicle a parking citation. Wanda was upset that we were not able to help her with these complaints because we informed her that no one was actually breaking the law. She stated she would never come back to the police department to complain about anything and left. MW543</p>
