PUFF PUFF IS TRYING FIGHTING THE CALLER AND IS WALKING AROUND SCREAMING AND YELLING AT NO ONE. MALE IS OUT OF HIS MIND THE CALLER SAYS.

SETTLED BETWEEN THE 2 PARTIES FOR NOW
VM

"Puff Puff" does not live at the group home anymore; he used to be a resident who thought he was a dragon. Its unknown how his name came into mention today. However, Smith and Young (who are both 10-96) were verbally arguing with each other for a variety of reasons. Smith and Young have problems with each other from time to time (The department responded to several calls for the males arguing when the group home was on Greenhurst); they each claim that the other party starts arguments, calls them names, makes fun of the other, is the devil, casts spells, etc. Both parties were advised that they live together in the group home for the time being and they need to either get along or ignore each other. Both parties were advised to talk to their workers about moving to a different home. The matter was settled for today. The staff will try to keep parties separated. DJS 501

MALE IS IN THE LOBBY TO REPORT HIS BROTHER ANTHONY STAZZONE USED HIS NAME IN MAPLE IN MARCH AND HE JUST RECEIVED A BILL FOR THE AMBULANCE TRANSPORT.

-- 07/14/2017 12:38:39 Disp VM --OIC ADVISED

The accident occurred on 03-13-2017, the report number was 17-0018879. A passenger from Unit # 2, Anthony Stazzone, gave his correct information to the police. However, Anthony used his brother James Stazzone's information for the squad ride to Bedford ER; the information is on the run report. James Stazzone was not present for the accident and was in fact at work that day. James does not want to prosecute Anthony for anything criminal at this time. James wants the bill for the ambulance ride sent to Anthony. Det. Sperie spoke to the Fire Department who will make the changes with the billing company. I forwarded Anthony's information to the Fire Department. I also advised James to follow up with Bedford Hospital in regards to any bills there. James's name was removed from the original report. VM

Upon arrival, the caller stated he heard his mother screaming from inside the house and what he thought to be someone getting hit. The caller was outside the residence and did not see a physical altercation. While speaking with Honey and Michael, Michael continued to walk away from Sgt. Voll and at one point attempted to walk into his residence. Michael was detained at that point until we could determine what had happened. At the same time Michael was being detained, his sister Michelle, arrived and began to interfere with Michael being handcuffed. Sgt. Voll asked her to back away and not get involved. Michelle was pulled away by her minor son. While speaking with Honey, Michelle began to ask questions and interfere with me speaking with her. At That time I asked her to stop asking questions because she was interfering. Sgt. Voll heard my comment and walked over to have Michelle step away and Michelle became argumentative again. At that point Michelle was handcuffed and placed in a cruiser for possible obstruction charges and control purposes so we could complete our investigation. After speaking with Honey, Michael and the caller it was determined that there was no physical altercation that took place. All parties denied anything physical occurred. The female had no visible injuries. Michael was released and advised of his warrant. Michelle was also released without charges and advised how to conduct herself at emergency scene's. Michelle then moved her car that had been parked blocking police cars since she arrived after police were already on scene. CWF528

SQUAD DISPATCHED FOR FEMALE, FEELING DISORIENTED - 170053299

Driver and insurance information was exchanged on scene. Driver of Unit One, Gloria Otis, came to the lobby to get a police report number. She complained of a headache while in the lobby, but refused medical and stated she was a little shook up but ok aside from the headache. As we were leaving the lobby to go see the damage to her vehicle, she became disoriented and fell down in the parking lot, skinning both of her knees. I asked again if she wanted a squad, and she stated she did want someone to come take a look at her due to her fall. The MHFD squad arrived and transported her to Southpointe ER. Damage to her vehicle was minor, and the vehicle was still driveable. MW543
