LOSS PREVENTION REPORTING AN ADULT FEMALE SHOPLIFTER IN CUSTODY IN THE FRONT OFFICE. SHE IS COOPERATIVE. AMOUNT OF THEFT \$116.21. THEY WILL PROSECUTE.

Martreese Eff concealed \$116.02 worth of merchandise in two purses she had brought into Giant Eagle with her. Martreese passed all points of sale and exited the store without paying for the merchandise. Giant Eagle Loss Prevention employee, Josh Matheny, stopped Martreese in the parking lot advising her he watched her steal property. Martreese was cooperative and came back into Giant Eagle with Josh. Inside of Martreese's purse, Josh located a large magnet that he stated was used for de-magnetizing security strips that are on merchandise. Martreese had a warrant with Mentor PD who confirmed the warrant. I transported Martreese to Walmart (6594 Mayfield Rd, Mayfield Heights, OH 44124) where Martreese was turned over to Mentor PD Unit 541. Martreese was issued two citations MA (33110 & 33111) for Theft and Criminal Tools. Martreese is to appear in Garfield Heights Municipal Court on 09-06-2017 @ 0830 hours. DZ532

Ahmad explained approximately one week ago "Hakeem" came into the store and stole a can of fix-a-flat, but the incident was not reported. Ahmad stated today when "Hakeem" came into the store, he told "Hakeem" to leave. "Hakeem" became upset and grabbed the stores scanner machine and credit card machine (valued at \$500.00) and slammed them onto the ground. After "Hakeem" broke the scanner and credit card machine he left the store and drove off in a grey dodge challenger with a red stripe.

Ahmad stated he will contact the police the next time "Hakeem" comes to the store so officer could get a positive identification on him.

Note: The registration on the Dodge Challenger provided to dispatch did not return to a Dodge and did not return to a "Hakeem" or a "Keem". NS541

I spoke with Robin Edwards, whose vehicle was struck, however, she did not witness the crash. Robin saw a vehicle leaving the scene, but was unable to provide any identifying information such as a plate number or make/model of the vehicle. Robin stated she had parked her car on the street and gone inside of the house. While inside, she heard her car alarm going off, so she came outside to see what had happened and realized her car had been hit. There was a large dent/scrape mark on the driver's side door and the driver's side mirror had been bent forward slightly. There was blue and yellow paint on the damaged area, suggesting the vehicle responsible was of the same color. Robin is not familiar with any vehicles that would be of that color. I provided Robin with the OCA number so she had documentation to show her insurance company. CP545

OFFICER TO COMPLETE DISPO

I spoke with Andrella Akins who stated her soon to be ex-husband, John Williams, came over to her house trying to ask her out to dinner. John no longer lives with Andrella and has not lived with her for almost a year. Andrella refused to go out with him. John became upset and began throwing rocks and sticks at her windows to get her to come downstairs to let him in. Andrella finally went downstairs and told John to stay away from her. This further upset John, so he threw bricks at Andrella's windows, causing damage to three of them. The damage to the windows was photographed and was entered into the computer. Andrella estimated the cost of the damage done to the windows to be approximately \$2000.00. At no time while talking with Andrella did she mention being afraid of John or fearing for her safety. She was not harmed during the incident. Andrella did not wish to pursure criminal charges against John. She wanted to use this as documentation to settle the matter in court with their pending divorce hearing.
