Colleen wanted to report the juveniles living at 15700 Fernway. She stated they are acting in a destructive manner in the park at the end of their street by climbing the tent set up for soccer camp and sliding down (this happened a few weeks ago, police were called), throwing rocks at the park fence, breaking tree limbs out of the trees in the park. They recently started trespassing onto her property and picking up gravel that is next to her driveway and throwing it into her grass, forcing her to pick up all the gravel before she can mow. Colleen said the children are frequently seen running the streets with no adult supervision and they are age 9, 7 and 6. She would like them advised of trespassing. (543)

COMPLAINANT IS IN THE LOBBY TO REPORT A HIT-SKIP ACCIDENT HE WAS INVOLVED IN ABOUT TEN MINUTES AGO. SUSPECT VEHICLE WAS A BROWN 2015 FORD MUSTANG WHICH DROVE OFF INTO BEDFORD.

COMPLETE. (MC)

Officers spoke with Andre Stubbs at MHPD, who reported he had been involved in a motor vehicle accident on Rockside Rd. near Lee Rd. South. Andre stated the accident occurred as follows: Andre (Unit #1- GNX7016) was travelling eastbound in the curb lane on Rockside Rd. towards Broadway Ave. when a grey/black Ford Mustang (Unit #2 - GGS7276), travelling eastbound on Rockside Rd. in the center lane, crossed over into the curb lane too early in an attempt to pass Andre. In doing so, Unit 2 struck Unit 1 near the front driver's side wheel, causing minor damage to both vehicles. Unit 1 attempted to stop to exchange information following the accident; however, Unit 2 continued driving down the roadway without stopping.

Andre followed Unit 2, who parked in a driveway at 15917 Eveningstar Ave., but did not make contact with the occupants of the vehicle. He instead came straight to the MHPD station to report it. The damage to Andre's vehicle was photographed and entered into the computer.

Upon further investigation, we found the owner of Unit 2 resided at 16000 Eveningstar Ave. We drove to the residence and spoke with the driver of Unit 2 at the time of the accident, Hajee Terrance, a seventeen year old male. A vehicle matching the description and plate number given by Andre was parked in the driveway of 15917 Eveningstar Ave. There was minor damage near the rear passenger side wheel of the vehicle synonymous with Andre's statements. Hajee stated he did not know he had struck Andre's vehicle. He thought Andre was honking because he had passed him too closely.

Hajee was issued a citation for Lanes of Travel ORC 4511.33 and given a juvenile court date of 9-7-2017 at 1000 hours. We provided Andre with Hajee's phone number so they could share their insurance information.

Jenkins stated he did not know, he was only working outside. Saunders felt Jenkins was being disrespectful with his tone, so he became upset, telling Jenkins, "Fuck you." Jenkins replied with the same. The two were involved in a short verbal dispute in which Jenkins claims Saunders threatened to harm him, stating something along the lines of "I will beat your ass." Saunders then went back into his residence. Nothing physical occurred.

Jenkins advised he wanted us to speak with Saunders and ask him to remain in his house. Jenkins did not wish to pursue anything criminally against Saunders. Saunders advised he was going to file a complaint against Jenkins with Cleveland Water.

(MC)

Officers spoke with the complainant, Penny Norman, who wanted to report that her son, Charles Hinton III, had assaulted her. Charles visited her at her residence, located at 18408 Raymond St., to collect some belongings. A verbal argument began, and ended when Charles spit in Penny's face before leaving the property.

Tonight's argument stem from a previous incident in which Charles had come to Penny's house wanting her eight year old son to pee in a cup for a drug test required for his job. The eight year old did not provide enough urine so Charles was upset but left with the sample. Charles failed the drug test and lost his job. His urine had tested positive for cocaine. Charles claims he only uses marijuana, so he blamed the positive cocaine result on Penny, stating that her cocaine use has exposed her son to the drug. Charles contacted Cuyahoga County Child Family Services to investigate the matter. Penny stated that CFS had visited the residence earlier in the day reference this allegation. Penny believes Charles added urine to the sample her son gave him and that person used cocaine.

Penny stated she was going to take her children to the doctor tomorrow for a test per CFS.

Penny did not want to press criminal charges against Charles. She wanted him to be advised of trespassing at her residence and that she would pursue charges in future incidents. We contacted Charles via phone and advised him of Penny's wishes.

SUB:RANDALLIA HARRIS 02/01/2002

On Friday, August 18, 2017, at approximately 0018 hours, officers were dispatched to 17703 Libby Rd. Apartment 5 in response to a call that three people were fighting in the apartment above the caller. Upon arrival, we made contact with residents in Apartment 12 of the building. We spoke with Roleen Harris and Randy Harris. They stated their 15 year old daughter, Randalia Monique Harris (02/01/2002), was upset that they had taken her phone away. Randalia went into their room and took back the phone. This resulted in a physical altercation in which Randalia assaulted Roleen and Randy. Randalia then ran away from the apartment and did not return.

Randalia is a fifteen year old black female. She is approximately 5'5" tall, has a thin build, has black hair that is normally worn in a ponytail, brown eyes, acne and wears glasses. Both of her ears are pierced. Randalia was last seen wearing a white and pink sports bra and white Calvin Klein panties. She was wearing nothing else at the time she left home and did not take any other clothes with her.

Randalia does not have her cell phone with her so are unable to attempt to contact her via phone. Her parents advised that whenever she runs away she usually contacts a male, Rashaun Carter, to come and pick her up. Randalia's parents advised that he lives somewhere in Garfield Heights near 131st St. or 135th St. They were unable to give an exact address.

Roleen and Randy advised that Randalia has a history of unruly behavior and running away. Roleen stated she has filed unruly charges for Randalia and is awaiting a court date. Randalia was previously entered missing earlier this year on 7/17/2017 and returned on 7/30/2017.

It is unknown if someone has picked Randalia up since she has left her apartment. Officers searched the areas she was believed to have travelled and could not locate her. Roleen completed a Missing Person's Packet for Randalia and provided a current picture of her. Randalia was entered into LEADS as missing. Roleen and Randy were advised to notify MHPD if Randalia returns home.

On Firday, 8/18/17, at 1721 hrs, I, Ptl. Carmine #535, was dispatched to 14911 Krems Ave. for a report of a female who was bit by a dog. The complainant, Chrstitine Perito, stated the dog belonged to her Husband, Charles Perito and herself. Upon my arrival, I spoke with the female who was bit, identified as Toni Smalley, who stated she was in the back yard of 14909 Krems Ave. near the back yard of 14911 Krems Ave. when the neighboring dog came over near her, walked away and then came back and bit her on the back of her left thigh. I took a photograph of the bite and entered it into the sheet. I spoke with Charles and he stated the dog was outside on a tether when Toni came out and stood on a cement slab where the dog could reach. The tether was long enough to reach the edge of the property and I could not determine if the area covered by the tether was Charles property or not. I filled out a county animal bite report and attached it to the sheet. I advised Toni to bring in any paperwork the hospital gave her. I called the animal warden and left him a message regarding the incident. Charles stated he would follow the quarantine and would find his shot records for the dog in order to give them to the animal warden when he does his follow up. AC535

Upon my arrival, I spoke with the complainant, Carl Merriweather, who stated his foster son, Shaquon Jackson, was at home alone while he was at work and at approximately 1650 hrs he received a notification from his alarm company stating the side door was opened to the residence. When he returned home he observed the door and windows to the residence were open and Shaquon was no longer there. Carl stated Shaquon punched a hole in the wall before he left and he believed that Shaquon left in order to calm down but he was unsure where he went and when he would return, if at all. Shaquon is a 17 yo black male, approximately 603 tall, and 200 lbs. Shaquon has a high top fade hair cut and has black hair and brown eyes. Shaquon does not have any tattoos or other distinguishing marks. Carl did not know what Shaquon was wearing when he left except possibly red Nike "slides" and he was last seen with his agency skills coach at approximately 1430 hrs. Shaquon does not have access to a vehicle and did not take a change of clothes with him. Carl signed off on the dental release form and the Facebook submission. AC535

CALLER REPORTING SHE HAS BEEN RECEIVING THREATENING TEXT MESSAGES FROM HER FAMILY MEMBERS WANTING TO FIGHT HER.

The complainant had received several messages from her cousin, Sierra Chandler. The complainant had spent the weekend at a friends residence in the "K" projects in Cleveland. Sierra had found out that she was in the area and was looking for her to fight. The complainant didn't report it at that time. The complainant had posted a status on facebook and this started another argument with Sierra. The complainant exacerbate the argument and made threats towards Sierra and also invited Sierra to fight. The complainant was advised to stop any further contact with Sierra. I was unable to make contact with Sierra but spoke to her mother, Janell Robinson. Janell advised that she will speak to Sierra and ensure that she doesn't go near the complainant. PH520

The mother, Arian Herbert, informed me she had left her daughter, Azisa Herbert at home in charge of the younger children. Azisa had called Arian and told her that her other daughter Zaide Jeringan had got out of the house and Azisa could not find her. Arian immediately returned home to start looking for Zaide. Arian also called the MHPD to report the incident. Azisa informed me she had given Zaide a bath and put her to bed. Azisa than gave another sibling a bath and got them ready for bed. When Azisa checked on Zaide, she discovered Zaide was not in her bed. Azisa started checking the house and called her mother. The family also checked the area around the house without locating Zaide. While en route to the call, the MHPD dispatch informed me a male had located a young child further down James Avenue (MA17-0063149). I responded to the male's location and confirmed the child was Zaide. I transported Zaide back to Arian. After speaking to the involved parties, I was satisfied that Azisa had just not realized how quickly a young child can "slip" away and that she realized her mistake and will check on the children more frequently in the future. Arian was obviously upset that this had occurred and addressed the issue with Azisa. STB514

COMP IN THE LOBBY REPORTING A MVA HIT SKIP WHILE IN THE LOT OF MARATHON

-- 08/23/2017 03:13:33 Disp MK --

I spoke with the complainant, Laverne Lauderdale, who stated she had recently been involved in a hit/skip crash while parked in the parking lot of Marathon gas station located at 5012 Warrensville Center Rd. Laverne stated she had parked her vehicle in the parking lot and walked into the building. While inside of the gas station, she heard someone say that a car had just been hit in the parking lot. Laverne went outside to investigate and saw her vehicle had been damaged near the rear driver side tail light. She stated she did not see the vehicle that had hit her and was unable to obtain a description from anyone else at the gas station. She could not provide any identifying information for the hit/skip vehicle.

Laverne's vehicle suffered functional damage to the driver's side rear tail light. The damage was photographed and entered into the computer. Laverne was given the OCA number for insurance purposes.

I drove to Marathon in an attempt to obtain security camera footage of the incident. The employees there were unable to access the footage because they do not have the appropriate keys. They advised to return when the manager was available to provide access to the footage.
