Low cost spay/ neuter services

For the last 40 years, Valley Save-A-Pet has provided low cost spay/neuter services to pet owners in the Greater Cleveland area who cannot afford the regular cost of spay/neuter for their pets. Approximately 26 veterinarians have joined in to help with the organization's Have-A-Heart Program.

The veterinarians have discounted the cost of the first rabies and distemper vaccines at the time of spay/neuter. This program runs from February 1 through November: Monday, Wednesday, Thursday and Friday from 11 a.m. to 2 p.m. For this service, call 440-232-9124.

Modest additional charges will be required for all animals not current on shots and for most large dogs whose weight might require special anesthesia.

Valley Save-A-Pet also provides services for feral cats through its "Trap, Neuter, Return" project and works with feral cat caretakers to spay/neuter the colony populations and reduce future births. For more information on the feral spay/neuter program, call 440-232-9124 on Mondays only from 11 a.m. to 2 p.m.
