I spoke with Rosa who stated one of the neighborhood children took a wooden stake from her yard. The stake holds the neighbor's fence door so it does not swing open. It is unknown who took the stake. The kids were advised to locate the stake and put it back. Rosa called a few minutes later and stated the kids did not locate the stake. I spoke with Star and other juveniles that were not at the residence the first time. The second few juveniles stated they did not take the stake. The kids were all advised to stay off Rosa's yard. While speaking with the second few juveniles Star called to report Rosa was threatening her. I spoke

with both Star and Rosa and suggested mediation with the councilmen. Star put a bungee cord around the gate so the kids can not open it and it won't swing. Settled at this time. CWF528

This was a verbal argument between two brothers Micha (13 y/o male) and Asher (16 y/o male). Both parties were arguing over the use of a computer. Both parties began insulting and challenging each other. A physical altercation took place inside the home. The mother, Yvonne thought that the boys were wrestling and told them to take it outside. Yvonne looked out the window and saw Asher and Micha still fighting. She was unable to leave the home to break up the scuffle due to a medical condition, so she wanted the police to address the issue before any problems developed. Micha had a few scrapes on his arm and knee as a result of the scuffle. Both parties had conflicting stories as to who started the fight. Yvonne believed that this was simple sibling rivalry. No further action was needed.

FEMALE STATE HER 66 YEAR OLD HUSBAND COLLAPSED ON THE FLOOR AND IS NOT BREATHING. SHE STATES HE IS IN END STAGE CANCER.
MALE WAS A FULL CARDIAC ARREST AND A VALID DNR

Mr. Parks was suffering from stage 4 brain cancer with chemo treatments stopped approximately 1 month ago. When the chemo was stopped, they were informed that he would have approximately 1 month to live. Mr. Parks was enrolled in an at home Western Reserve Hospice. At the time of the call. Mr. Parks had been in his bed on the second floor bedroom and his wife, Tanya Williams, had went downstairs to make some dinner. While she was downstairs, she heard a noise from upstairs as if Mr. Parks had fallen. When she went upstairs, she observed Mr. Parks was lying on the bedroom floor unresponsive. She called MHFD. MHFD started CPR. When Ms. Williams produced a valid DNR order, CPR was stopped. By the time I arrived on scene, Ms. Williams had contacted the hospice service and they were on there way. I did not observe any signs of foul play or any evidence of a disturbance. I contacted the Cuyahoga County MEical Examiner's Office and informed them of the situation and was informed when a patient is under hospice care, unless there are signs of foul play, they do not need to be contacted. Hospice nurse Keith Ward arrived on the scene at 2334 hours. Mr. Parks was turned over to his care. STB514

PTL HOBART IN PURSUIT OF A MALE ON A RED DIRTBIKE WITH A BACKPACK.

I, Ptl. Hobart, observed the male on the dirtbike southbound on South Blvd. The male proceeded through all the stop signs on South Blvd and also was traveling in excess of 35 MPH. I followed the male to 17817 Waterbury. The male stopped and turned the dirtbike off in front of 17817 Waterbury. I exited my patrol vehicle and the male saw me. He then started to try to kick start the dirtbike. The male on the dirtbike then drove away on Waterbury towards Broadway. I attempted to keep the dirtbike in sight. I followed the dirtbike and saw that it turned northbound onto Lee Rd. On Lee Rd. the dirtbike continued northbound at a high rate of speed until I was no longer able to keep sight of it. I returned to 18717 Waterbury. I spoke to Averionna Hawkins who advised that the male was her child's father. She advised that his name was Brian Nobles and advised that his birth month was April. Dispatch located information on Brian. I verified that the BMV image matched the male that was operating the dirtbike. Brian does not have a motorcycle operator's permit. A citation was completed for Motorcycle Permit Required and Reckless Operation against Brian Nobles. Averionna advised that Brian did not have a phone but gave officer the phone number for Brian's mother. I spoke to Brian's mother, Regina Nobles, and advised her of the citation and asked that she have Brian come to the police station or call me.

BOTH PARTIES INVOLVED WERE ADVISED OF TRESPASSING.

On Tuesday, 5-31-16, at 1210 hrs, I, Ptl. Carmine #535 was dispatched to 5924 Glenwood Ave. for a report of property damage. Upon my arrival I spoke with the renter and the homeowner. The renter, Chanel Arias, stated she called the homeowner, Sharon Ahola, about damage that had been done to her residence when the neighbor had landscapers use her driveway to finish working. The landscaper, Elber Murcia, stated he did not cause the damage and did not know why they were claiming he did any damage. I advised him he had to ask for permission of the homeowner or renter to use their driveway. I advised Sharon to go to civil court for the damages. The neighbor, Pamela Poe, arrived and upon speaking with her she immediately became aggressive and stated she had nothing to say to me. In the course of attempting to identify her she went into her residence and locked the door. I attempted to make contact again and she refused to open the door. Pamela only opened the door to tell me she was on the phone with dispatch to advise them I should not be there. I was finally able to advise her of criminal trespassing after she insisted on debating why I was there. I also advised her to identify herself in the future. AC535

SOMEONE BROKE INTO A VEHICLE PARKED ON THE LOT OVERNIGHT. IT OCCURRED SOMETIME BETWEEN 1930 HOURS AND 0630 HOURS

I spoke with the manager George Stamos. George stated they left the business at approximately 1940 hours on 05-31-16. George stated the technician advised him at 0640 hours today that the vehicle had been broken into. When the technician went to pull the 2002 Jeep Liberty silver in color, Ohio License C272282, VIN-1J4GL58K72W136614, into the building to complete the repairs requested, he noticed the vehicle was unlocked and the ignition was punched. George came outside and saw the damage to the ignition and that the vehicle had been rummaged through. George called the owner who arrived and stated nothing was missing. There are no cameras that cover where the vehicle was parked and no items of evidentiary value were located inside the car. The business and owner wanted this documented for insurance purposes. India said that Steven ran away 2-3 times within the past 6 months. India said that out of all of the times that

Steven ran away from home he either returned the same day, or he was found walking down the streets in Maple Heights and Bedford. I asked India if she knew where Steven was at or if he has any friends that he might be with. India told me that she was unsure of where he might be. India said that she checked her entire house, the Maple Heights Library (5225 Library Lane), Milkovich Middle School (19800 Stafford Ave), the local gas stations, and checked with family members, but was unable to locate Steven. #188 WAS ADVISED CALL WAS HOLDING

The apartment owner, Joinice said that she left for vacation on May 25,2016 at 0600 hrs., she returned today (June 01,2016) at 1900 hrs., and found that someone tried to gain entry to her apartment by kicking the front door. I did not observe any boot or pry marks on the door to the apartment. This caused the door frame to splinter, but allowed the door to remain locked. When Joinice arrived home she still had to use her key to gain access to her apartment. Joinice said that she went through her apartment and nothing was missing. Joinice does not know who might have done this. Joinice contacted her landlord, who stated that he will come and repair the door. Pictures of the damage were uploaded to this report. Joinice was provided with the report number.

On 06/02/2016, at approximately 0823 hours, I Ptl. Wilson #534, for a report of theft by an employee. Alena Roberts Benton stated she is the owner of, A Better Alternative To Senior Care. Inc. located at 20670 Southgate Park Blvd. Alena stated she had 2 employees come to her complaining that they did not get paid for jobs that they did as a home health aide. Alena stated that she checked time cards for work done, and determined that an employee identified as, Kyla Pendland, was forging time cards and was paid \$911.23, for work that she did not complete. Alena stated that she spoke to clients, and they denied signing Kyla's time cards. I spoke to Kyla on the phone, and she stated that she signed clients names on the time card, but only did it because she forgot to have the clients sign. Kyla also denied receiving money that she did not earn. Alena stated she was going to speak to Kyla further at her office, and try to determine if any other issues are going on. Alena stated at this time she only wanted to have the incident documented, and that she would provide me with further information if necessary. cw534

On Thursday June 2, 2016 the reporting party, William Wilson came into the Maple Heights Police Department to report that his nephew, William LeVon Wilson went missing today. William filed the complaint because William Levon's mother, Cynthia Wilson (MA 160041380) was arrested. William was William Levon's only next to kin that could take care of him. William Levon goes by his middle name "Levon". Levon is a 13 y/o black male (DOB: 10/31/2002), he is 5' 4", 110 lbs, with brown eyes, and medium curly black hair. He is allergic to bee stings and takes albuterol for asthma. Levon was last seen wearing a purple hoodie, black jeans, and black and purple tennis shoes. William was unable to provide a current photograph of Levon. William picked up his nephew, Levon from Bedford Hospital and then drove him to a family member's house at 19207 Maple Heights Boulevard. One of the relatives living at the house yelled at Levon for the way that he has been acting. Levon did not want to hear what the relative had to say so he left on foot in an unknown direction. William did not know where Levon went to or who his friends are. I spoke with Cynthia in the Maple Heights jail and advised her that her son was missing. I asked Cynthia if she knew where he son might have gone to, she said that he might have gone to a friend's house somewhere on Maple Heights Boulevard. I asked her if it was alright if William entered Levon as missing. Cynthia said that it was okay to have him entered as missing.

ANOTHER CALL FROM TIA MATHEWS #216-301-5352 WHO ADVISED THAT HER MOTHER WILL NOT RETURN HER 12YO DAUGHTER TO HER, TIA ALSO ADVISE THAT HER MOTHER ASSAULTED HER COUSIN

Upon my arrival on scene I spoke to the complainant, Marquita Gibson. Marquita and her cousin, Tia Matthews, were at this residence to collect Tia's daughter, Zionna Curry. When they arrived on scene a verbal argument took place between Tia and the other family members at this residence. Zionna was taken to the basement away from the argument. Marquita stated she went to get Zionna and was pushed by Shaunte Fisher out of the door. Marquita did not have any visible injuries and stated she was not injured. I spoke to Shaunte and she stated there was a large group of people walking up from the basement and she was pushed from behind causing her to bump Marquita. At least five people at this residence backed up Shaunte's story. The homeowner, Chie Pupo, stated he did

not wish Tia or Marquita, to come to his residence anymore. I advised them of this and Zionna was turned over to her mother. KP 522

On 6/5/2016 at approximately 2100 hrs I Ptl. S. Smith #539 spoke with Jasmine regarding threatening phone calls and text messages she has been receiving from her aunt. Jasmine stated her aunt is harrassing her due to the fact that Jasmine was given a house from her grandfather and her aunt is jealous. I read some of the text messages from her aunt, she did in fact threaten Jasmine. Jasmine did not wish to pursue charges for Menacing and only wished to have the incident documented. I advised Jasmine on the process of filing a Civil Protection Order along with information on how to recover a copy of the report. I also advised Jasmine that I would call her aunt and advise her to stay away from Jasmine's property or there could be criminal charges pursued.
