FEMALE IN THE LOBBY FOR A NEIGHBOR TROUBLE COMPLAINT  OFFICER WILL COMPLETE -- From 10/17/2017 09:00:39 To 10/17/2017 09:00:45 Disp MK --					

I spoke with the complainant, Desire Booker, who stated she is having family problems with her child's grandmother, Tracy Jones, who resides at 5697 Longwood Ave. Desire, who lives at 5715 Longwood Ave, stated their disagreements have been an ongoing issue. Desire has been trying to smooth things out with Tracy by allowing her to spend time with her daughter, Naeleah Booker. However, on 10/16/2017, a verbal argument between she and Tracy prompted her to come to the MHPD station to document the incident. Desire stated she had recently allowed Tracy to borrow her vehicle. Desire had left some of her

belongings in the vehicle, so Tracy removed the belongings and place them in her garage while she drove it. Desire was aware that Tracy removed her belongings from the vehicle. While Tracy had the vehicle, she allowed her son, Curtis Lewis, to drive it as well. Desire was unhappy Tracy let Curtis borrow the vehicle because he smoked marijuana inside of it with his friends. She complained to Tracy about it, but Tracy did nothing to rectify the problem. When Desire got the car back, Tracy had not placed her belongings back inside of the vehicle. Desire confronted Tracy about her belongings, and a verbal argument ensued. Tracy told Desire she would not give her belongings back and spouted off all sorts of profanities at her. Desire is worried things may escalate and wanted to cover all her bases in case Tracy takes things further. Desire wanted the incident documented so she could use it to obtain a Civil Protection Order against Tracy for her and her child. Desire advised she would return to the station after work tonight to get a police escort to obtain her belongings from Tracy.

I spoke with the complainant, Carmit Bullard, who stated she wished to document some issues she is having regarding her husband, Marvin Bullard and his new family. Carmit advised she and Marvin are in the process of getting a divorce. Carmit and Marvin have two daughters together. Jasmine Bullard is the oldest at seventeen and the younger sister is fifteen. Marvin just recently moved in with a new female, Tonya Griffith, at 5424 Dalewood Ave. Tonya has a twenty one year old son that Carmit was unable to give a name for. Jasmine and Tonya's son are dating and according to Jasmine, are having sex. According to all accounts it is consensual. Carmit and Jasmine are not on good terms, so Jasmine moved out of her house in Cleveland to move in with Marvin in Maple Heights. Carmit is unhappy with how Marvin runs his new household and is worried about her children if they stay there. She wanted all of this documented so she could refer to it in divorce court when custody of her younger daughter comes up.

-- 10/17/2017 10:13:23 Disp JKP --

Unit #1 (FBQ4128) was parked in the parking lot behind Beauty Begins, located at 5525 Warrensville Center Rd. The owner of Unit #1, Tremere Zurowski, was inside the business waiting to get her hair done. Unit #2 (EFP6656) pulled into the parking lot and attempted to park in the handicap spot directly in front of the rear entrance to the building. As the driver of Unit #2, Lucy Robinson, pulled into the spot, she accidentally hit the gas pedal instead of the brake. This catapulted Unit #2 forward, causing it to ramp up over the curb and smash the handicap sign in front of the parking spot. Lucy, in a panicked state, continued to keep her foot on the gas, causing the vehicle to spin around 180 degrees and begin travelling backwards. With her foot still on the gas, Lucy crossed over the curb once again and spun the vehicle around an additional 180 degrees, causing her to strike Unit #1 on the driver's side. The collision caused functional damage to the entire driver's side of Unit #1 and caused functional damage to the front bumper of Unit #2. Lucy requested an ambulance to respond because she stated her blood pressure felt higher than normal. The Maple Heights Fire Department examined Lucy and observed no injuries. She refused transport to the hospital. The drivers of both units exchanged insurance information. Both vehicles were towed by Kelly's Towing.

I spoke with the complainant, Linda Peckman, who stated earlier today she had applied for a personal loan online with a company she thought had been Advanced America Loans. She spoke with a male, Steve Anderson, over the phone, who claimed to be her representative from Advanced America for the loan. Linda gave Steve all of her bank and personal information for the loan. Steve stated he need the information to deposit the money. At some point during the process, Linda became suspicious. She changed all of her account information and stopped the transaction from processing. She called Advanced America and they stated Steve was not an employee of theirs. Steve realized Linda had changed her information, so he called her from a caller ID that said "Maple Heights Police" and used the number 216-662-1234. Steve claimed he was on a three way call with our department and that Linda "messed with the wrong person" and she should "expect the police to arrive at her home to arrest her in the next half hour." Linda wanted to report the incident to ensure it does not happen again. I advised Linda to obtain her phone records to see if anything else could be done. At this time we do not know the whereabouts or actual identity of "Steve."

MALE IN THE LOBBY REPORTING SOMEONE USING HIS CREDIT CARD WITHOUT HIS PERMISSION

Officer Crawford #546 spoke with Antwine Strother in the Maple Heights Police Station lobby about unauthorized use of Credit Card. Antwine stated that his ex-girlfriend, Brandie Johnson, had used his Credit Card without permission. Antwine stated Brandie ran up his Sears credit card to \$4,198.80 several months back but Sears reimbursed his account. Then Antwine stated that his CITI Bank Credit Card was used in the amount of \$1,034.00 in Canal Winster, OH 43110 for Brandie's rent. After reviewing the Credit Card statement the charges are from the Columbus area. Antwine was advised to file with the municipality in which his card was being used. Antwine wanted it documented. COMP IN THE LOBBY REPORTING SHE IS BEING HARASSED ON FACEBOOK

On Wednesday October 18, 2017, at approximately 1212 hours, I, Ptl. Augustyn #536, was dispatched to the lobby for a report of Facebook harassment. Upon my arrival, I met with Petra Gulley. Petra advised she was being harassed by a female who goes by "Daries Bearden" on Facebook. She stated Daries attempted to jump her in Garfield Heights and then a friend requested her on Facebook so she accepted it. She then was getting "harassing" messages stating that she is attempting to be in a relationship with a married man. Petra admitted to recently meeting up with Richard Johnson, an ex-boyfriend, who is currently married to another woman. Petra has made no attempt to block "Daries" on Facebook. I advised Petra that no telecommunications harassment charges would be filed. She was unhappy and stated she was going to take matters into her own hands. After Petra left, I observed her public Facebook page and observed her public posts calling Richard's wife a "failure", a "bitch", and "pathetic." She also posted bragging that she was going to put people into jail. Photographs of the Facebook posts were attached to the sheet. #536

On October 18, 2017 at approximately 1303 hours I, Ptl. A. Crawford #546, responded to Villa Clothing Store at 21658 Libby Rd. for a theft report. Upon arrival #546 spoke with Kalea M. Stover. Kalea stated she was approached by a light skinned black male wearing a black sweatshirt with pink and blue on the front. Kalea stated she spoke to the suspect about a card then about money. While talking about money Kalea stated she pulled out \$400.00 and compared it to the suspects \$400.00. Kalea stated the next thing she knew the suspect had her \$400.00 and his and was gone. Kalea stated the suspect walked towards Northfield Rd. Officers reviewed the security camera footage but were unable to identify the suspect. A report will be generated if any information of evidentiary value is obtained. ASC546

MALE IN LOBBY TO SPEAK WITH AN OFFICER ABOUT CUSTODY ISSUES HE IS HAVING WITH HIS CHILDS MOTHER.

On October 19, 2017 at approximately 1010 hours I, Ptl. A. Crawford #546, responded to the Maple Heights Police Station lobby to speak with a male about a custody dispute. Upon arriving I spoke to Branton Goggans. Branton stated he is not receiving his parenting time in accordance with the parenting agreement. Branton stated he did not believe the mother is communicating with him about the children properly. Branton had a copy of the agreement from 2010 but was unsure if it was the most up to date or if there were any amendments. I advised Branton to contact the Cuyahoga County Court and file the proper motion. Branton wanted his visit documented. Branton was also given copies of prior visits in regards to custody issues and escorts. ASC546

I spoke with the complainant, Jevonna Banks, who stated she attempted to access her Huntington Bank account online today and received an error message stating her account was frozen. She contacted Huntington Bank, who advised they had put a hold on the account because someone had attempted to deposit 10, \$200.00 bad checks into her account. The checks are labeled for a company called Dynamic Structures, Inc. and they are dated for 10/17/2017. Jevonna advised Huntington has launched their own investigation into the matter and wanted a police report number to accompany their investigation. Jevonna did not receive the \$2000.00 and does not have any other reported changes to her account resulting from the bad checks. I provided Jevonna with the report number and advised her the incident would be documented.

Ptl. Heitzer and I arrived on scene and did not observe anyone in the parking lot. We did locate a damaged vehicle parked in front of the garage spaces, but were unsure if it was involved in the call. As we checked the area, a female pulled up into the parking lot and exited her vehicle in a rush. She approached us and stated her daughter was being beat up in her apartment. We followed the female, Angela Donerson, into the apartment. Upon entering the apartment there were no signs that anyone had been physically fighting. We made contact with Asia Gates and Rorry Garrett. They stated they had been verbally arguing outside and had come inside afterward. Nothing physical occurred. Angela's concerns had stemmed from being on the phone with Asia's younger daughter and hearing a lot of shouting in the background. Asia stated the damaged car was hers, however, the damage was old and had occurred in a past incident that did not involve Rorry. Asia advised that Rorry was going to leave the residence for the night.

MALE CALLED BACK REPORTING HE IS GOING TO WAIT TO SPEAK TO AN OFFICER

I spoke with Winston Wilson regarding his daughter being bullied at school. The victim, Zahcaria Wilson, informed her father that she was being bullied at school by Calajah Rondo. Zahcaria reported that on two occasions today, Calajah, called her names and asked her if she wanted to fight. She stated that the first incident happened while she was sitting in class. Calajah sat behind her and made these comment towards her. Zahcaria ignored Calajah's comments, but did inform her teacher of the incident. The second incident occurred while Zahcaria was still on school grounds, leaving from school and Calajah again asked if she wanted to fight. Zahcaria reported to the school a second time then to her father when she got home. He was concerned because Zahcaria was going to attend homecoming at Maple Heights High School this weekend. He wanted to make the problem known to curtail any potential problems in the future. Officers spoke with the school principal, Miss Price, about the matter. Mr. Wilson will respond to the school on Monday to try mediation. CWF528

On Friday October 20, 2017, at approximately 1422 hours, I, Ptl. Augustyn #536, was dispatched to 5169 Camden Road for a report of a male named Curtis who waved a hatchet at his roommate and broke the circuit breaker. Upon my arrival, I met with Lovell Spruce. He advised he lives in Curtis' residence and he and Curtis have been having ongoing disagreements. He stated during their argument today, Curtis had a machete in his hand. He stated Curtis did not attack him nor swing at him with the machete but was only holding it. He also advised Curtis did turn off the electricity in the house. I spoke with Curtis on the phone who stated he turned off the electricity because he needs to flea bomb the house. Curtis also stated Lovell and his girlfriend refuse to take their cat out of the house which is preventing him from ridding the house of fleas. Curtis advised he was returning to the house to turn the electricity back on and was advised he could get a police escort if he wishes. #536

DOG BARKING BEHIND THIS RESIDENCE SINCE 1830 HOURS. THE COUNCILWOMAN GOT AN ANONYMOUS CALL FROM A MALE

Upon my arrival two dogs could be heard barking loudly and non stop. They were inside the house. Speaking to the neighbors, they advised the dogs bark all the time when their owners are gone. I was not able to make contact with the dogs owners. I did leave a notice in regards to the barking dog nuisance laws for the city of Maple Heights. Neighbors advised they believe the owners are out of town for a wedding for the weekend and there is someone watching the house

and dogs for them. 543 to follow up with owner. MW543

Upon our arrival, two of Josette's sisters were in the front yard. The landlord was also present. The sisters were concerned for Amber, Josette's 19 year old special needs daughter. Josette had been transported to the hospital earlier today for thoughts of suicide and Amber was left alone. When the aunts came to pick her up and take her to the hospital, there was no answer and they wanted to file a missing persons report. Both sisters and the landlord had keys to the residence. Diana, Josette's sister, made entry and we assisted in going in to find Josette's daughter Amber. Amber was located in the living room. She stated she did not answer the door because she was afraid she was in trouble. Michael Barrett was also located hiding in the bedroom. Mr. Barrett claims Josette contacted him to stay with Amber when she left for the hospital. Diana told him she would be taking Amber to the hospital to be with her mother so there would be no need for him to remain at the residence.

In the past, on multiple occasions, Josette has told me she does not want Mr. Barrett at her residence, but we have not been able to advise him of trespassing because he is always gone when we arrive. Mr. Barrett has been advised of trespassing and sent on his way.

Amber went with her aunt Diana to go to the hospital and be with her mother. When we left, the house was secure. MW543

I spoke with the caller, Justin Acoff, who stated he and his child's mother, who is also his ex, were arguing about who should have the child tonight. He and his ex, Bianca Keyser, were never married and never arranged a legal custody agreement. Bianca had told Justin earlier in the day she would take their daughter, Amyah Acoff, clothes shopping this evening. When the time came to take Amyah, however, Bianca decided she did not want to anymore. This caused a verbal argument and Justin was afraid Bianca may call 911 and try to make things up to get him arrested, so he started walking away. Bianca became upset, and followed Justin, shouting at him. She stated she "wished he would die," but made no direct threats to harm Justin. According to Justin, Bianca never stated she would kick the daughter out of the car either. When I arrived Bianca had already left the scene with Amyah. Justin advised Amyah would be fine with Bianca for the night and headed home.

Officers reviewed video footage and observed the following. :

Barron dropped a \$5 bill on the floor in the store. he seems unaware he dropped the bill and left with Edward.

A short time later Ruby sees the bill; on the floor and picks it up and puts it in her pocket. From the video it can not be determined if Ruby saw who dropped the bill.

At this time after realizing the bill is missing Edward and Barron come back in the store and see Ruby picking up their money. They tell Ruby the money is theirs

Ruby says how do I know that it is your money.

An argument occurs.

All three can be heard yelling at each other but no threats can be heard. Ruby locks the doors by remote.

Edward reaches over counter to try to unlock the door but does not go over the counter.

Ruby turned over \$5 bill to 188 who gave it back to Barron. Barron and Edward are both advised of trespass at 7-11 and sent on their way.

Ruby was advised that if she treated customers with more respect she probably would not have so many customer issues. Ruby did not agree with this and did not think she escalated the situation at all.

Torian was determined to have an outside DV warrant with Maple Heights Police and was taken into custody without incident. Due to the ongoing problems at this residence Mrs. Mynatt was advised she will be responsible for any further noise complainants from her residence. While in the Maple Heights Jail two burned marijuana cigarettes were located in his right pocket totaling 0.18 grams. The marijuana cigarettes were entered into the evidence and Torian was cited for the same. In his right pocket eight 100 dollar "copy" bills were found. Spoke with the complainant, Shavon Pannell, who wanted an escort to get her dog from the vet. She stated that the veterinarian's office quoted her a price that was not consistent with her bill. She requested an escort to the business to discuss the charges. I followed Shavon and her mother, Sandra Tomlin-Pannell, to the vets office. Shavon stated that she never agreed to pay the \$1,000.00 vet bill incurred from the emergency services for the dog. Shavon reported that she never gave permission for the treatment. The vets office stated that Shavon actually signed a contract with the vets office, giving them permission to treat the dog. The dog was in need of emergency care for several life-threatening health issues. The vet made numerous attempts to contact Shavon in regards to the treatment. Shavon did not respond to the vets calls. The vet refused to give the dog back to the owner until the bill was paid in full. The dog remains in the custody of the Suburban Vet Clinic until the bill is paid in full for the dog. Shavon was informed that she would have to take the matter up in civil court, pay the bill in full or sign the dog over to the clinic. Sandra was advised of criminal trespass at the Suburban Vet Clinic per the owner of the clinic due to past bounced checks and outstanding bills. The law dept. was conferred on this and they agreed that it was a civil issue and the police dept. should not get further involved in the matter. The female was also advised she can file a civil complaint with the BBB or with the Attorney General's Office. CWF528

I spoke to the complainant in the lobby, Brittany Rousseau, who stated at an unknown time overnight someone had broken into her boyfriends car (GJV7793). Her boyfriend, Phillip White, was unable to come to the station because he was working. Brittany advised she and Phillip had parked the vehicle in the driveway of 16012 Shirley Avenue at around 2130 hours last night. When Brittany awoke this morning at 0600 hours, she went outside and noticed the rear driver's side door to Phillip's vehicle was slightly ajar. When she checked the vehicle, it appeared someone had moved all of the stuff around inside in an attempt to locate valuables. Brittany advised she and Phillip had locked the car doors before going to bed, but Phillip had run outside to grab something out of the car afterwards. It is possible he accidentally left the car unlocked. There were no signs of forced entry or other damage to the vehicle. As of right now, Brittany and Phillip have not noticed anything missing from the vehicle. If anything is found to be missing, Phillip will come to the station to report it. Brittany advised she and Phillip wanted the incident documented in hopes that the department will patrol the area more frequently.

The complainant, Cardale Boozer, reported that his neighbor backed out of his driveway and hit the rear of his vehicle. I was able to make contact with a resident at the house the suspect vehicle backed out of. She called her son to have him return to the scene. The actual driver was not the neighbor, but was the neighbor's cousin, Terrell Rayshawn Ponyard. Ponyard admitted to tapping Cardale's car but stated he left the scene because he believed that he caused no damage. Upon inspection of both vehicles the damage that was alleged to have occurred did not appear possible. The heights of the damaged areas of both vehicles did not match. Both parties had insurance and exchanged information at the scene. Both parties agreed to settle this amongst themselves as neighbors before calling insurance. CWF528

------------	----------	------------------	------------------	-----------	--

On 10-25-17, at approximately 1736 hours, I, Cpl. Basiewicz was dispatched to Giant Eagle, 5321 Warrensville Center Road, for a reported theft. Giant Eagle Loss Prevention had juvenile Charles Terrell detained. Upon my arrival, the Maple Heights Police Department Dispatch advised Charles was entered as a missing juvenile through the Maple Heights Police Department. I transported Charles back to his residence, 14408 Granger Road, to be turned over to his mother Qiana McGowan. While I was speaking to Qiana in the hallway of the apartment building, Charles was instructed to go inside the apartment. After I exited the apartment building, Qiana approached me and asked if I saw Charles outside. I had not. Qiana informed me that instead of going into the

apartment, he had exited the building through the rear door. I checked the area of the rear door and discovered it was not visible from where I had been speaking to Qiana.

At this time, Charles was not removed from L.E.A.D.S.

On 10-26-17, it was determined that Charles had to be removed from L.E.A.D.S. and re-entered.

Prior to re-entering Charles into L.E.A.D.S. Maple Heights Auxiliary Officer Hantak, who was working at the Maple Heights High School, informed me that Charles was currently at the school.

Qiana was contacted and informed of this.

Charles was not entered into L.E.A.D.S. STB514

FEMALE IN THE LOBBY REQUESTING AN ESCORT AND REPORTING THEFT OF \$400 FROM HER ACCOUNT.

I contacted John Johnson by telephone and informed him of the request for escort. John stated Sandra was not allowed on the property. I explained to him that the court had ordered her 1 police escorted visit to gather her things. John informed me that Sandra's daughter had texted him last night and instructed him to put her property outside. I advised John we were on the way over and I would like to see the text message. When he asked why, I explained to him if I saw the text message it could protect him later in court that I had saw the message and documented it.

When we arrived at the residence, John did not answer the door. Sandra advised the vehicle they used was not in the driveway. I observe a large amount of items on the driveway that Sandra stated was hers. When Sandra attempted to unlock the doors to the residence she discovered the locks had been changed. While Sandra started to pack her belongings, I observed a red Ford F350 parked in the vehicle without license plates. I was unable to read the VIN number on the dashboard. When I opened the driver's door to access the VIN number, the Maple Heights Police Department Dispatch advised John was on the phone and wanted to know why I had opened the vehicle door (NOTE: There are security cameras mounted outside the residence which Sandra stated could be viewed from their cellphones). The Ford F350 and another vehicle were tagged for abandoned, reference MA17-0077687.

Sandra was able to pack her belongings from the driveway with the exception of an exercise bicycle. Sandra stated there were personal hygiene items of hers that were not placed outside.

Sandra also stated John had removed approximately \$462.00 from her Huntington Bank checking account. Sandra had reported the incident to Huntington Bank who needed it documented for their investigation. STB514

Samuel Johnson stated that he gave his vehicle and \$270 in cash to Larry this morning, at approximately 0830 hours. The agreement was that Larry would take Samuel's vehicle to his auto repair shop near Lee and Miles, complete the repairs and return the vehicle later in the day. Larry contacted Samuel at approximately 1430 hours and explained he was running late with the repairs and he would return the car later in the evening. Samuel has not heard from Larry since the time of that call. Samuel has attempted to contact Larry 11 times via his cell phone number, 216-973-7985, and Larry has not answered. Upon officers arrival, we spoke with Larry's wife who stated she has also been trying to contact Larry all evening and has not been able to reach him.					
Samuel stated he would give Larry until the morning before he comes to the station to sign charges for unauthorized use of a motor vehicle. He did not wish to come to the station to sign tonight. Samuel stated this behaviour is very unusual. He has done business in the past with Larry and has a friendship with him that goes back two years. MALE IN THE LOBBY NEEDING TO LET THE PLUMBER IN. MALE OWNS THE PROPERTY.

Howard Lardell is asking for an escort to 16222 Maplewood Ct, which is included with 16212 (among other units) as 4 four separate cluster homes. Lardell wanted the escort to have a plumber go inside of 16212 to assess the planning to have water meters installed for each individual unit because when the property was built, it was built as one 4 suite building parcels that was later divided into 4 separate parcels. Lardell only owns 16222.

I spoke with the owner of 16212, Sandy Minarchick over the phone. Minarchick stated that this has been an ongoing issue for years and both the Maple Hts

Building Dept and Legal Dept have been involved. She stated that a water bill of ~\$4000,00 was accumulated between the four separate units, but only she was billed because the only water meter on the entire building was connected to only their suite. She states she has requested payment from the 3 other property owners and none of them have paid anything towards the bill, so they had the water disconnected from inside of their property so that they would no longer be charged for the other properties usage. She also stated that she has advised Cleveland Water of the issue and attempted to get a resolution from them, however they would not assist until the past due amount is paid.

All parties were advised that this is a civil issue and the Police Dept cannot enter any of the units without exigent circumstances. Compl will be following up with Cleveland Water in an attempt to have them help resolve the issue. GRA519

Kylee was dropped off by the school bus at her usual stop without a parent their to pick her up. When she realized her mom was not their, she walked home, but no one was home. She tried to walk back to the bus stop, but the bus was already gone. I contacted her school and was able to get a contact number for her mother, Sade Pope. Sade was hysterical after finding out her daughter had been released from the school bus. Sade stated she was never notified that it was an early release day and did not know Kylee would be released from school early. She stated the school informed her that it was no longer their policy to send anything home and that the parents should check the website calender and that it is policy to allow children over the age of seven off the bus without a parent to pick them up. Kylee was turned over to her mother, who also responded to Lincoln Elementary to pick up her younger daughter, who was returned to school by the school bus when no one was their to pick her up. Sade will follow up further with the school. GRA519.

 10/28/2017 03:36:37 Disp MK

On Friday, October 27, 2017 at approximately 1500 hrs, Alicia Bryant advised her foster mother, Cherria Macklin, she was going to visit her cousin on Summit Street, Maple Heights, OH. Alicia was supposed to return home to 14633 Janice Drive at 0000 hrs, but did not. Cherria last spoke to Alicia at approximately 1730 hrs on the phone. Cherria does not know the address of the house Alicia went to and would not be able to point it out from the street. In addition, Cherria did not know the name of the cousin Alicia was going to visit. Cherria also cannot contact Alicia because Cherria disconnected her cell phone (Alicia possibly used a friends phone to contact Cherria). Alicia is a 17 year old, black female, approximately 5'7", weighing approximately 250 pounds. Alicia has a heavy build and black hair. Alicia was last seen wearing a black dress and black shoes with a blue jacket and a large brown bag. Alicia did not have a change of clothing with her. Alicia is not currently taking any medications that she is dependent on. Cherria did not have a picture of Alicia to provide to the Maple Heights Police Department. Alicia was entered into LEADS as missing under NIC#M974217500. Cherria completed a missing persons packet, signed the Cuyahoga County Sheriff's Office Facebook Submission form and completed a dental form.

DISP WARE FROM WARRENSVILLE HTS PD ADVISED

Johnnie Sample is a resident at Sunrise Pointe Nursing Care Center. He was last seen by staff at 0700hrs, when he was given his breakfast in his room (#224). At 0800hrs, staff went to check on Johnnie and give him his medications and he was not in his room. His window was open, as the latch locking the window had been broken. Staff checked the facility and he was not located inside. After searching the facility, staff called police.

An employee arrived to work and after being informed that Johnnie had left the facility, she advised that she saw a male that closely resembled Johnnie in Warrensville Hts, walking across the bridge on Warrensville Ctr Rd which goes over I480. She did not think the male was really Johnnie, so she did not think to actually stop and check. Once she arrived a found out what he was wearing, she was able to confirm that was actually Johnnie. Staff believes that Johnnie is attempting to make his way to his home, 9122 Miles Ave, Cleveland. CPD and WHPD were both notified. CPD checked the residence and did not get an answer. They informed they spoke with an upstairs neighbor who stated they had not seen Johnnie in a year. Contact was made with Johnnie's sister, Darlene Settles, who stated that Johnnie had desired to get out of the facility for a while but she told him he had to stay there to get well. She thinks he possibly decided to leave to be with his family after learning his nephew had been murdered in Steeleyard Commons. The only friend or family member that Darlene knew of in the southeast area was Johnnie's aunt "Renee" who she did not have any contact information for.

Johnnie is a 60yr old black male, ~5'6", 137lbs, very thin build, with balding grey hair and very short scruffy hair on his face. Johnny was last seen wearing a tan jacket, tan boots a dark skull cap and is probably carrying a blue tote bag with other clothing in it. Johnny is has various physical and cognitive needs. He suffers from chronic disorientation and altered mental status because of a previously suffered embolism. He also suffers from acute systolic and diastolic congestive heart failure, shortness of breath and dysphagia among other things. Johnny takes multiple medications which he had not yet taken prior to leaving the facility.

Johnnie was entered a missing/endangered NIC# M394219572. Site Administrator Angela Hammons reported him as missing and packet was completed. Dental Form not completed. Facebook submission declined. GRA519

EMPLOYEE REPORTING A TAN FORD EXPLORER BACKED INTO HER VEHICLE AND TOOK OFF IN AN UNKNOWN DIRECTION ABOUT 7 MIN AGO. THE CALLER IS IN ROOM 130					
536 TO On Monday October 30, 2017, I, Ptl. Augustyn #536, was dispatched to Barak Obama Elementary School (5800 Glenwood Avenue) for a report of a hit-skip. Upon my arrival, I met with Tiffany Powers. She advised she was in the parking lot of the school and was backing into a parking spot when a newer tan Ford Explorer was behind her. As she was in the process of backing in, the Ford continued straight and the center front of the vehicle struck the rear driver side bumper of her vehicle. She exited her vehicle as did the male driver of the Ford. They looked at the damage and he then got back into his vehicle and left without exchanging information. She described the male as a dark skinned black male, approximately 5'9", with no beard. In the vehicle with the male were two children. While they were outside of the vehicle, the male told the two children to go inside the school. Tiffany did not get a good look at the children. Tiffany's vehicle (JURNEE8) suffered a dent to the rear bumper. Tiffany was given the CAD and advised to contact with police department after she talks with employees and attempts to get an identification. Mr. Richie is looking into obtaining security footage. Photographs of the damage were taken. #536

FEMALE IN THE LOBBY TO REPORT NEIGHBOR TROUBLE					
On 10-31-17, at approximately 0853 hours, I, Ptl. K. Moore #538, was dispatched to the lobby for a call regarding a female who wished to make a nuisance complaint. Upon my arrival, I spoke with Sherrie Lewis, who stated that she has been having ongoing issues with her next door neighbor at 20709 Raymond Street (Reference Report# 17-0077220 and 16-0026467). According to Sherrie, the occupants of 20709 Raymond Street arrive at the residence early in the morning and blow their vehicle horn, waking up Sherrie in the process. Also, the occupants would use their keypad to blow the vehicle horn early in the day and late at night. Sherrie had tried speaking with her neighbors in the past; however, the issue still continues. Sherrie went to City Hall about her complaint and wished to have it documented by Maple Heights Police Department as well. Sherrie was advised of her options and stated that she will be contacting Maple Heights Police Department when the issue is occurring again.

Ptl. Zupancic 532, calling out with HFR5232.

I, Ptl. Zupancic 532, initiated a traffic stop on a black Mercedes (HFR5232) for no front license plate. As I got up to the passenger side of the vehicle, I observed the driver smoking something. I knocked on the window and I the driver, later identified as Durail Moore, rolled down the passenger side window. I could smell a strong odor of marijuana emitting from the vehicle. Durail was smoking a marijuana blunt. A probable cause search of the vehicle was conducted and no other contraband was found. The marijuana blunt weighed 0.69grams. It was entered into evidence. Durail was cited for no front plate and possession of mairjuana. DZ532
