While on vehicle patrol, I, Ptl. Jividen #537, viewed a white Dodge Magnum travel eastbound onto Raymond Street. The vehicle did not have an operating rear license plate light. Upon meeting with the operator, Austin Norris, I viewed Marijuana shake on the driver's floorboard. I also detected the odor of raw Marijuana come from inside the vehicle. A PC search was conducted and I located 67.8g of loose marijuana in a small baggie. The baggie was located in the driver's side door.

MALE IS HAVING LANDLORD ISSUES OVER MONEY AND WANTS ADVICE FROM AN OFFICER. HE WANTS TO KNOW IF HE HAS ANY RIGHT TO PRESS CHARGES. THE LANDLORD IS NOT THERE.

SPOKE TO MALE BY PHONE. HE GAVE HIS FUTURE LANDLORD \$1,000 MONEYGRAM FOR RENT AND NEVER GOT THE KEYS. HE WAS ADVISED OF HIS OPTIONS. (MG)

On 9/3/17 at approximately 1256 hours, I, Ptl. K. Moore #538, spoke with Howard Brown by phone regarding issues he was having with his landlord. Howard informed me that he was attempting to rent a property on Dunham Road and had already given the land lord a \$1000 money order as a down payment on 9/1/17. The agreement was that the landlord would give Howard the keys on 9/2/17; however, the landlord has not been answering his calls. Howard informed me that he will be attempting to contact his bank and cancel the transaction. Howard was advised to contact Maple Heights Police Department if he was unable to receive his money or house keys from the landlord.

CALL HELD DUE TO 170066056

On Monday September 4, 2017, at approximately 1859 hours, I, Ptl. Augustyn #536, was dispatched to 16208 Edgewood Court for a report of neighbor trouble. Upon my arrival, I spoke with James Trenka. James stated he was at his residence when his townhouse neighbor, Randy Tucker, knocked on his door and was telling James to stop spying on him. I spoke with Randy and he let me inside of his residence. Inside Randy's residence, there were many wall panels missing and Randy said he was doing construction because he believed James was live streaming him online. I observed the walls and observed no indication of any cameras or wires filming Randy. I advised Randy I was at James' residence and also saw no indication of him running wires or cameras into his apartment. Randy was still adamant he was being spied on. James was advised of Randy's belief and was advised to call the police if needed. #536

I spoke with Tishia in the driveway. Tishia stated a male walked aggressively into the yard about kids fighting. The male she stated walking into the yard, was

identified as Ray Shawn. Ray Shawn walked into the yard stating "I'll slap the fuck out of everyone." Tishia stated he then punched Robert. At the time she advised me of the assault, Robert walked into the front yard. I could observe Roberts cheek to be swollen and blood in his mouth and on his shirt. Robert appeared to have been drinking and stated he did not want to pursue charges. While speaking with Tishia and Robert to completely understand what the situation was, Robert walked away. I tried to obtain further information but Tishia and other family members just continued to repeat how upset they were that Ray Shawn walked into the yard aggressive and was threatening people. They stated Terrell pulled up but did not exit the car. Both Terrell and Ray Shawn were advised of trespassing at the residence. CWF528

I spoke to Robert Johnson who stated he had been standing in his backyard when 2 males approached him and one of the males punched him. Robert stated this was from an earlier incident (17-0066073) where the males were upset about some juveniles from the residence fighting the children of the males while they were at the park. When I spoke to Robert he was extremely intoxicated and his story was confusing (originally it had happened 10 minutes ago, than changed to the original call). Robert described the males as wearing black pants, white shirts and white ski masks, but stated t was the males from the original call and they had changed clothes. I observed Robert's left cheek was swollen. Ptl. Faunce informed when he had spoken to Robert, Robert's cheek was swollen and at that time Robert had stated he did not want to pursue any charges (NOTE: Officers were out with the suspects when Robert stated he did not wish to pursue any charges). CALLER IS IN THE LOBBY. HE WOULD LIKE TO SPEAK TO AN OFFICER ABOUT A CUSTODY DISPUTE. HE STATES HE WAS JUST ADVISED ABOUT THIS WHEN HE WAS AT THE BD OF ED. HE STATES HE DOES NOT KNOW WHERE HIS ESTRANGED WIFE, SHALINA WILLIAMS, LIVES.

Shalina Williams and her husband, Percy Williams, are having issues with custody of their seven children. Percy lives in Cleveland and Shalina lives on Keynon in Maple Heights. Shalina withdrew her children from Cleveland schools without Percy's permission and Percy stated he was going to withdraw his children from Maple School's. The two were advised they are still legally married and they need to get a custody agreement before officers can help them. The two were advised they need to work this issue out between the two of them because they have children together and will be in contact with each other until the children are adults. Percy got upset and left the lobby. The two have a hearing at juvenile court on September 20th, and Shalina was advised she should probably wait until they get an agreement drawn up before pulling her children out of the Maple School District to avoid going back and forth with Percy. I provided as much information to the two parents in attempt to mediate the situation at hand. Settled for now.

Aryha was walking to school in the area of Warrensville Center Rd. and Libby Rd. when a black male driving a maroon colored Honda Hatchback made a comment from the vehicle. Aryha gave the male and continued walking to school. The male allegedly followed Aryha to school and drove through the parking lot where two school staff members went outside and confronted the male. The male laughed at the staff members and drove away. The plate provided by staff members came back to red Honda Civic registered to a female out of Cleveland. The vehicle matches the description and Cleveland PD was advised to do a notification at the LKA for the owner to see if the driver of the vehicle can be identified. Aryha could not hear what the male said to her but no threats or sexual comments were made. This report will be supplemented after Cleveland does a notification. DZ532

Carita Gooden came in to our lobby to report that someone used her social security number to open an account with the electric company, and the cable company. Both companies advised her she needed to report the incident to the police and provide them a report number before they could investigate it for fraud. The electric bill was \$432 and the cable will was \$400. Carita stated she believes it may have been her former friend, Kimberly Griffin, but she is not certain. Carita has taken Kimberly to civil court in the past and won a judgement against her. I advised she will need to take this matter to civil court as well, if it was her friend. 09/05/2017 23:19:55 5380 AUBURN AV DOMESTIC DISPUTE 170066343
CALLER REPORTING THAT HER SISTER CALLED HER AND STATED THAT THE BOYFRIEND OF THE SISTER HAS BEEN DRINKING AND IS HARRASSING HER AT THIS RESIDENCE.

The female stated the male does not live there but had broken into the residence tonight. The female stated she just wants the male gone. The female stated this summer she had a court case against the male, but she had decided not to go to court on it. The female also stated the male had broken a picture window in the front of the house. The female stated the male does have clothes inside the residence, but that he had snuck the clothing in.

The male denied breaking any windows and stated he does live there. The male stated he does have clothing and mail inside the residence. The male stated the female would not give him a key to the residence.

The female escorted me into the residence where I did observe the mail addressed to him at that address.

The female stated that the male had broken the picture window approximately 1 month ago, but she had not called MHPD to report it. The female stated the male broke a bedroom window this evening to gain entry to the residence. When I asked how long the male had been staying at the residence, she stated for a week. The female stated he had snuck into the house. When I asked why she had not called us at that time, she stated she was afraid he would be upset if she called. When I pointed out she had someone else call us tonight and could have someone call us then, she did not answer. When the female was informed the male did live here and could make entry into the residence, she became upset.

The female stated she knew the male would do something to her (but no threats had been made), because the male was crazy. When I pointed out being crazy wasn't a crime, the female became even more upset and started to embellish what had occurred in the past.

When I attempted to ask the female if there was someplace else she could go for the night and how to evict the female did not want to hear the information.

The male stated he would leave for the night.

NOTE: This is an ongoing issue between the 2 parties when they are having relationship issues, one will call on the other. The female usually wants the male removed from the residence, even though it has been explained several times to her that MHPD cannot remove someone and the eviction process is explained to her. SERVICE DEPARTMENT LOCATED A SUSPICIOUS ITEM AT THIS LOCATION AND REQUESTING POLICE RESPOND.

On Thursday, 9/7/17, at 0810 hrs, I, Ptl. Carmine #535, was dispatched to 18461 McCracken Rd. for a report of found property. Upon my arrival, I spoke with Terry Childers, a service department employee for the City of Maple Heights. He stated when he began roadwork in front of 18461 McCracken Rd. he noticed a small teal colored balloon in the gravel that had a white powder coming from inside of it. He stated there was no one around when he arrived and there was nothing else around the area on the ground. I took the substance back to the station to ensure it was not some type of illegal narcotic. After trying several NIK tests there were no positive results. The substance was disposed of properly. I spoke with the complainant, Gregory Mitchell. He advised that he had just recently broken up with his girlfriend, Shanice Gould. This upset Shanice, so she took naked pictures of him while he was sleeping and sent them to his son. Shanice also threatened to send the pictures out to his coworkers. Gregory does not want this to happen, so he advised that he wanted me to call Shanice and warn her that he will sign charges against her if she sends out the photos to anyone else. I attempted to contact Shanice via telephone, but she did not answer and her voicemail was full so I was unable to leave a message. I will attempt to contact her tomorrow at an earlier time and advise her of Gregory's wishes.

I spoke to Nanmari Vilar in the lobby regarding a hit/skip MVA she was involved in earlier today. Nanmari stated she, Unit #1, was driving westbound in the inside lane on Rockside Rd. and was stopped at the traffic light located at the intersection of Rockside Rd. and Dunham Rd. Unit #2, a Dollar General semi-truck, was also travelling westbound on Rockside Rd. and was stopped in the left turn lane at intersection of Rockside Rd. and Dunham Rd. As the green turn arrow signaled, Unit #2 initiated its left-hand turn into the southbound lanes of Dunham Rd. As it turned, the rear passenger side of the semi-truck's trailer struck the driver's side mirror of Unit #1, causing functional damage to the mirror. Unit #2 continued to drive southbound on Dunham Rd. after the crash. Nanmari stated she was unable to see the license plate or any other identifying information for the semi-truck. Nanmari advised she called Dollar General and was given a phone number to call tomorrow during business hours in order to have the issue settled. I provided Nanmari with the call number if she decided to file a claim with her insurance company.

E630667 1998 FORD 4S 1FMZU34E3WUCC3807 OWNER: TINIKKA MILLER 11/25/1978					
The complainant, Tinikka Miller, stated she heard someone kick her front door in. She immediately called 911 and put it on speaker phone so the suspect could hear she was calling the police. Tinikka stated the suspect left without entering the house after realizing she had dialed 911. Tinikka did not see the suspect, therefore she was unable to provide any descriptive information. She believes it was only one person. Tinikka also did not see where the suspect had fled and was unable to tell us where he/she might have gone. Officers searched the area around the house and the surrounding woods near Granger Ct. We were unable to locate anyone in the area. Tinikka's door was heavily damaged and could not be resecured. However, she barricaded the door prior to our arrival to prevent any further intrusion. The damage to the door was photographed and entered into the computer database. CP545 dm

Officers made contact Mr. Mills. Mr. Mills was highly upset and uncooperative with Officers. There was a vehicle blocking the subject vehicles and Mr. Mills refused to move the vehicle. At this time, no vehicles could be towed. On 09-08-17 at 2110 hours, Mr. Mills called to talk to "someone with authority." I, Sgt. B. Kevern spoke to Mr. Mills on the phone. Mr. Mills stated he works on the cars, but does not collect money, so therefore he is not running a business out of his home. He also advised me that he knows his rights and Officers are not allowed on his property without a warrant or probable cause. I advised Mr. Mills of the abandon vehicle ordinance and that is what allows us to be on his property. Mr. Mills still did not seem to understand. Mr. Mills further stated that he spoke to Maple Hts. City Council and was told that he is allowed to fix cars at his residence. He was advised to have all vehicles in working order and the police will be out to follow up with him at a later time. SUB:ROY MOBLEY 11/10/1938

On 09/09/17 at about 1430 hours, Kevin Mobley, came to the Maple Heights Police Department to report that his elderly father, Roy Mobley 78 years old, left their residence on 09/08/17 and has not returned home. The male is worried about his father due to his age and medical history. Kevin said on 09/08/17 he last seen Roy in his bed at 0730 hours when he left for work and when he came home at 1830 hrs on the date his dad was gone. Kevin does not know where Roy would have gone at this time. Kevin called Roy multiple times but he has not answered the telephone. Kevin feels that Roy could be with one of his two girlfriends. One female he only knows as "Karen" and provided a phone number for. He did not know the phone number for the other female. Ptl. Ponyicky looked in the Maple Heights database and located a Karen Williams who had the same phone number on 03-17-10. Kevin provided a possible address for Karen in South Euclid. South Euclid Police went to the address but there was not a Karen at the residence.

Roy has suffered from a stroke in the past and has onset of dementia. Roy's a black male, about 6'00", 130 lbs., balding with white hair on the side, and white beard. He was last seen wearing a tan jacket, black pants, and white tennis shoes.

Officers learned Roy's cell phone carrier is Verizon. Sgt. Voll texted Roy via his e-mail and asked Roy to call the police department. However, he has not called. Dispatch then made contact with Verizon so they could "ping" Roy's cell phone. The first "ping" was at 1518 hours, which it off a tower located at 2304 Warrenville Center Rd. University Heights (University Heights Police Station). The phone was showing 1/10 mile north northwest. The coordinates were latitude 41.49868 and longitude -81.53676. This returned to 2304 Warrenville Center Rd. Lt Gazer contacted the University Heights Police Station and the subject was not at the station. They will notify their officers to of the missing male.

Dispatch again made contact with Verizon so they could "ping" Roy's cell phone. The second "ping" was at 1716 hours, which it off a tower located at 2304 Warrenville Center Rd. University Heights (University Heights Police Station). The phone was showing 2/10 mile north northwest. The coordinates were latitude 41.49832 and longitude -81.53802. This returned to 3945 Bushnell Rd. in University Heights.

I made contact with Verizon to "ping" Roy's cell phone. The third "ping" was at 1840 hours, which it off a tower located at 2304 Warrenville Center Rd. University Heights (University Heights Police Station). The phone was showing 1/10 mile north northwest. The coordinates were latitude 41.49972 and longitude -81.53962. This returned to 3897 Lansdale Rd. in University Heights. This is near the second location on Bushnell Rd.

I made contact with Verizon who "pinged" Roy's cell phone at 2132 hours. The fourth "ping" showed the tower located at 2304 Warrenville Center Rd. University Heights (University Heights Police Station). The phone was showing 1/10 mile north northwest. The coordinates were latitude 41.49935 and longitude -81.53599. This returned to 3897 Lansdale Rd. in University Heights. This is near the intersection of Warrenville Center Rd. and Bushnell Rd.

I contacted Verizon who said the last "pinged" location was at 2329 hours. The fifth "ping" showed the tower located at 2304 Warrenville Center Rd. University Heights (University Heights Police Station). The phone was showing 2/10 mile north northwest. The coordinates were latitude 41.49847 and longitude -81.53742. This returned to 3961 Bushnell Rd. in University Heights.

On 09-09-17 at about 1730 hours, Ptl. Heitzer drove the area where Roy's phone was "pinging." He could not locate Roy.

On 09-10-17 Ptl. Ponyicky and Ptl. Heitzer continued to call Karen's phone. It was learned that there was a Karen Williams may live in Pepper Pike. Ptl. Ponyicky called Pepper Pike Police so see if an officer could check the address in Pepper Pike. He was advised the address was for a UPS Store. The dispatcher did advise Beachwood Police had contact with a female, Karen Williams, on 09-05-17 at a medical building, Park East Center. She was causing a disturbance there. Karen wanted someone's medical records but she could not get them. An officer dropped her off in the area of Cedar Rd. and Warrenville Center Rd. She gave the officer two phone numbers one of which was one Kevin provided.

Ptl. Ponyicky and Ptl. Heitzer confirmed officers had the correct Karen Williams by showing her BMV image to Kevin. He positively identified the image as Karen Williams. I texted Karen from Kevin's girlfriend's cell phone.

A short time later, Karen called the police department and spoke with Ptl. Heitzer. Karen said Roy is not being fed at Kevin's residence and is being taken advantage of. Karen said Kevin only wants Roy's money. Karen would not say where Roy was. She would call officers once she was home and could write a statement.

With this new information about Karen, Sgt. Voll was able to access a software program which led us to an address, 4048 Okalona Road in South Euclid. Ptl. Ponyicky and Ptl. Heitzer went to the address and made contact with Randy Williams, Karen's son. Roy was in the residence and was taken back to his residence without incident.

Roy advised he is being fed at the residence, he is not being mistreated, but Kevin does talk to him poorly. Officers checked the residence which appeared to be in good shape. Roy did stated he called Karen to pick him up on Friday and she did. He voluntarily went with her but was -planning on coming back anyway

on Sunday so when officers arrived he went with them. Maple Heights Paramedics examined Roy who had good vital signs and did not want to go to the hospital. Kevin said he would take Roy to the VA Hospital for a mental evaluation. He said he will be searching a CPO against Karen because he feels she is after his father's money.

Ptl. Ponyicky made contact with social services and made a referral for Roy. The referral was made with Shemelle at 1400 hours. JP#513
