Maple Height Senior Center

January 19, 2022

MEETING CAUCUS

Council President Jackson called the meeting to order at 6:30 p.m. with the following Council Members present: Jackson, Shenett, Jones, Tatum, Anderson, Trojanski and Agee. Councilwoman Madden, arrived at 6:32 p.m. Also present were Law Director Frank Consolo, Fire Chief Vito Kavaliunas, Police Chief Todd Hansen, Human Services Director Linda Vopat, Finance Director Tinita Tillman, Acting Service Director Bob Dlaniak, Economic Development Director Patrick Grogan-Myers, City Engineer Ed Hren and Council Clerk Leonette Cicirella Johnson. Mayor Annette M. Blackwell arrived at 6:44 p.m.

Mr. Jackson said Councilman Shenett had the Invocation and would be leading the Pledge of Allegiance for tonight's meeting. He said Council would be electing the President Pro Tempore and selecting the Council Committee appointments. Mr. Jackson said Council would also be voting on a Motion to appoint Ms. Adrienne Carr to the Planning and Zoning Commission. He asked if there were any questions for Mr. Consolo regarding this motion. There were no questions from Council.

Moving to the legislation on the agenda for tonight's meeting, Mr. Jackson asked if there were any questions regarding **Resolution No. 2022-01** observing the birthday of Dr. Martin Luther King, Jr. There were no questions, but Councilwoman Agee asked to be added as a Co-Sponsor of this Resolution. Council Members Trojanski, Madden, Jones and Shenett also asked to be added as Co-Sponsors. It was the consensus of Council that all the members of Council would be added as Co-Sponsors. Mr. Jackson thanked everyone for their support of this legislation.

Mr. Jackson said **Resolutions Nos. 2022-02 and 2022-03** concerned determinations by Council that unimproved City-owned residential lots were not needed for municipal purposes and asked Mr. Grogan-Myers to discuss these Resolutions.

In response, Mr. Grogan-Myers said **Resolution No. 2022-02** concerned a standard Side Yard Program application for 5551 South Boulevard. He said the applicant wanted to purchase this vacant lot to expand their yard and install a fence. Mr. Grogan-Myers said this property was located in District 7.

Mr. Jackson asked Councilwoman Agee if she approved of this application to which Ms. Agee responded in the affirmative.

Mr. Grogan-Myers said **Resolution No. 2022-03** concerned a standard Side Yard Program application for 5627 South Boulevard located in District 5 and that the applicant also wanted to expand their yard.

Mr. Jackson asked Councilwoman Madden if she approved of this application to which Ms. Madden responded in the affirmative, stating that she was in favor of this application.

Mr. Jackson asked Mr. Grogan-Myers to discuss **Ordinance No. 2022-04** authorizing the City to accept title to one (1) vacant parcel in the City.

Mr. Grogan-Myers said with this legislation the City land bank (MHLR) would be taking this parcel from the Cuyahoga Land Reutilization Corporation (CCLRC) under a pass-through agreement with that organization. He said the MHLR had no plans for this lot at the present time but will evaluate it for future uses at a later time.

Mr. Jackson asked if there were any questions on this legislation.

Ms. Jones asked where this parcel was located to which Mr. Grogan-Myers responded that it was located at 16101 Broadway Avenue.

Mr. Jackson asked if there were any other questions. There being no other questions, Mr. Jackson asked Council to vote on this Ordinance at tonight's meeting.

Mr. Jackson said Council would skip to **Ordinance No. 2022-07** dedicating the City-owned parcel as an additional right-of-way for Reddington Avenue including Dunham Road so Mr. Grogan-Myers could also discuss this Ordinance.

Mr. Grogan-Myers said since this parcel was owned by the MHLR program it was already in the City's land bank. He said it measured 1' x 403.5' and was located in the tree lawn at Reddington Avenue. Mr. Grogan-Myers said the City Engineer reviewed this parcel and the City was asking Council to dedicate it as part of the Reddington Avenue right-of-way for record keeping purposes only. He said this parcel would not be developed since the sidewalk and street have already been installed.

Mr. Jackson asked if there were any questions regarding this Ordinances. He said if there were no objections, he would ask Council to vote on this legislation tonight.

Moving out of order with the Agenda once again, Mr. Jackson asked Mr. Grogan-Myers to discuss **Ordinance No. 2022-09** that would enact new Section 1292.06 to Zoning Code Chapter 1292 entitled Nonconforming Uses to define lots of insufficient size (area) or lot width as Nonconforming and Defining Uses for such nonconforming lots.

Mr. Grogan-Myers said currently lots in the City that were platted under the prior Zoning Code have minimum lot sizes and average lot widths that no longer conform to the current Zoning Code. He said property owners intending to build on these lots were required to go before Planning and Zoning for at least one (1) or two (2) variances regarding the minimum lot size and/or average lot width.

Mr. Grogan-Myers said these lots were platted 50, 60, 70 years ago but were still usable as buildable lots. He said with this Ordinance these lots would be deemed buildable as long as the lots met other Zoning Code provisions for front yard, side yard and rear yard setbacks. Mr. Grogan-Myers said this amendment would clarify this issue and eliminate the need for owners to need variances for lot area and/or average lot width.

Mr. Jackson asked if there were any questions on this legislation. There being no questions, Mr. Jackson asked Council to vote on this Ordinance at tonight's meeting.

Mr. Jackson asked Mr. Grogan-Myers to discuss **Resolution No. 2022-10** determining that the unimproved City-owned lot on Adams Avenue was not needed for municipal purposes.

In response, Mr. Grogan-Myers said this Resolution was similar to the Side Yard Program legislation but with a twist. He said the property located at 5636 Adams Avenue was currently in the City's Home Ownership Program after the City took the property from the State under a tax foreclosure. Mr. Grogan-Myers said this property was under contract for \$142,000.00 so it must be sold. He said this tax foreclosure actually included two (2) parcels, one (1) of which only measured 25' wide x 100' deep and shared part of the driveway and green space. Mr. Grogan-Myers said that since this parcel would not be buildable it was the recommendation of the Administration that it be sold as part of the Side Yard Program with the requirements of lot consolidation.

Mr. Jackson asked if there were any questions on this legislation. There being no questions, Mr. Jackson asked Council to vote on this Ordinance at tonight's meeting.

Returning to **Ordinance No. 2022-05** providing for the First Amended Appropriations for FY 2022, Mr. Jackson asked Finance Director Tillman to discuss this legislation.

Ms. Tillman said she had e-mailed Council a detailed explanation of this legislation but said that basically this first amendment was needed because of the bond issuance that had been approved last year. She said the original plan for the bond issuance would have the company that was refinancing the bonds pay the proceeds to the bonding company. Ms. Tillman said Key Bank had been approved to refinance the bonds but instead of Key Bank holding the proceeds it was decided that Key Bank would pay these funds to the City. She said the City would hold the proceeds until the bonds needed to be paid out. Ms. Tillman said this second option would avoid the problem of delay. She said this resulted in \$7 million dollars being paid to the Bond Fund (Fund 390). Ms. Tillman said this amended appropriation would account for the addition of these funds.

Mr. Jackson asked if there were any questions from Council. There being no questions, Mr. Jackson asked Council to vote on this Ordinance at tonight's meeting.

Moving to **Resolution No. 2022-08** authorizing a purchase agreement with Liberty Ford Inc. for the purchase of three (3) 2021 Ford EcoSport vehicles for the Building Department, Mr. Jackson asked Ms. Tillman to also discuss this legislation.

Ms. Tillman said these three (3) vehicles were being purchased for use by the Building and Economic Development Departments and that the purchase of these vehicles had been approved in the budget. She said this legislation once approved by Council would authorize her to secure the financing for these vehicles.

Ms. Tillman said she would be able to contact the dealership who currently had two (2) of the vehicles available that were being held for the City and the last vehicle was scheduled to arrive the third or fourth week of this month.

Mr. Jackson asked about the information in the e-mail regarding the color of the cars.

In response, Ms. Tillman said there were two (2) white and one (1) blue car so the decision would need to be made if the Department wanted to wait for a silver car or take the blue colored vehicle. Ms. Tillman said she talked with Mr. Grogan-Myers and it was determined that the City would wait for the silver car.

Mr. Jackson asked if there were any questions.

Mr. Shenett asked if the silver-colored car would be the only one in the fleet to which Ms. Tillman responded in the negative. She said there was one other silver car in the fleet.

Police Chief Hansen said the City's fleet of cars was very diverse and said it was not known if the Building Department divided up their vehicles based on color of the vehicles.

Mr. Jackson asked if there were any other questions on this legislation. There being no questions, Mr. Jackson asked Council to vote on this Resolution at tonight's meeting.

Mr. Jackson said **Ordinance No. 2022-06** authorized an amended agreement with the Ohio Department of Transportation (ODOT) for the SRTS Infrastructure Program and asked City Engineer Ed Hren to discuss this legislation.

Mr. Hren said that as he explained in his letter of recommendation to Council this Ordinance will amend the existing agreement with ODOT regarding the SRTS Project in the City of Maple Heights. Mr. Hren said the original legislation, Ordinance No. 2020-101, authorized City application to the SRTS Infrastructure Program under which the City was awarded a grant in the amount of \$150,000.00 to enhance school crossings, etc. on Dunham Road to Turney Road. He said that since the passage of the 2020 legislation however, the City had received funding from the County to resurface Dunham Road

Mr. Hren said he had asked ODOT if this SRTS funding could be re-purposed to be able to use the funds originally for the SRTS Project on Dunham Road to be used instead for a SRTS Project on the side streets around Glenwood Avenue from Turney Road to Ramage Avenue.

Mr. Jackson asked if there were any questions regarding this legislation. There being no questions, Mr. Jackson asked Council to vote on this Ordinance at tonight's meeting.

Moving to the List of Expenditures, Mr. Jackson said there was one (1) expenditure for review and asked if there were any questions. There were no questions from Council on the List of Expenditures. Mr. Jackson asked Council to approve the List of Expenditures at tonight's meeting.

Mr. Jackson asked if there were any other questions or comments.

There being no other questions or comments, the Caucus Meeting was adjourned at 6:51 p.m.

Ms. Anderson asked why were Council people permitted to decline a Committee appointment.

In response, Mr. Consolo said that to force a Councilperson to serve on a Committee that he or she did not want to serve on would be a detriment and a disservice to the community. He said the Council President cannot appoint someone who will not be willing to be part of a Committee.

The Fire Chief reminded everyone that this was a dangerous time of the year, and asked everyone to keep an eye on their neighbors and the elderly, take road conditions into consideration when venturing out and to please stay home if it was not absolutely necessary to go out. Fire Chief Kavaliunas said abandoned cars were the biggest hinderance to our safety forces and the Service Department, clogging streets and slowing them down. He also advised that if residents have a high-efficiency furnace or water heater with a plastic pipe discharging emissions, please make sure it was not buried by snow since this was a big CO danger.

Fire Chief Kavaliunas concluded his report by reminding everyone that all the typical reminders were very important in this weather: space heaters, heating your house with your range or oven, warming up cars or barbecuing in the garage and clearing paths to your home and stairs. He said if residents had a hydrant in front of their home it would be very helpful if they could keep that area clear. The Chief reminded everyone to stay warm and safe and said if residents see water flowing from a home or possible water leak in the street or sidewalk, please call the Fire Department immediately.

Law Department – Law Director Mr. Frank Consolo said with the Council Committees selected the Committees will decide when to meet and select a Chair for each Committee.

Mr. Consolo said he contacted the Board of Elections who reviewed the City Charter and were advised that for our City districts were reviewed by Council unlike other cities whose charters require that they check for balance among their districts. He said the Board of Elections suggested he contact the City Engineer regarding this matter. Mr. Consolo said City Engineer Ed Hren performed a preliminary review of the City's districts and found that all of the districts were balanced at about 3,300 residents. He said the range was approximately 3,100 residents in District 1 to 3,400 residents in District 7. She said the first partnership will be with the Cuyahoga County Board of Health to offer free Covid vaccinations at the Senior Center the last Wednesday of each month for February, March, April, May and June. Mrs. Vopat said Covid vaccinations will be available each of these days from 4:00 p.m. to 7:00 p.m. She said the vaccinations will be administered by Board of Health staff, will be free of charge and no appointment will be necessary. Mrs. Vopat said currently 61% of Ohio residents have been vaccinated, 64% in Cuyahoga County and 54% of residents in Maple Heights, so the Board of Health wanted to develop a program to increase these numbers.

Ms. Whitted thanked Mrs. Vopat for her introduction and said that there has been a good response to the recent changes made at the Pantry. She said Food Pantry clients were now able

to shop twice a month and will receive an increased supply of food from a 3-day minimum to a 5-day minimum. Ms. Whitted said some of the choices have also been changed. She said the recipients were excited about the increase in the amount of food they were able to receive.

Ms. Whitted said the Food Pantry has also received a \$400.00 per month increase in the amount of funds it will be receiving from the Greater Cleveland Food Network and was able to assist eighty-five (85) households so far during the month of January. She said the program has also returned to letting recipients shop at the Food Pantry and pick out their own groceries.

Finance Department – Finance Director Ms. Tinita Tillman said the Finance Department has not closed 2021 yet since the year-end needed to be correct and complete before closing. Ms. Tillman said the Finance Department needed to close 2021 and then put the 2022 budget into the system. She said the auditors were interested in starting the 2021 audit as soon as possible.

Ms. Tillman said the unexpended balance in the General Fund was at \$5.8 million dollars and that all expenses for the 2021 budget were almost all included. She announced that the 2021 budget will be reconciled and complete by the end of this week.

Mr. Dloniak said Service Department staff had been working a lot to clear the snow during the recent storm. He said they tried to clear the streets as soon as possible but had a few truck breakdowns. Mr. Dloniak said there were also problems with cars parked on the streets and people getting stuck in the snow which blocked the City plows from clearing some streets.

Mr. Dloniak said the Service Department received a number of complaints about driveway aprons getting full of snow but said that could not be controlled, especially when 14” to 16” of snow fell so quickly. He said the Service Department tried to help residents as much as they could during the storm.

Economic Development Director: Economic Development Director Mr. Patrick Grogan-Myers announced that Cuyahoga County has sent out property tax bills and extended the due date by two (2) weeks to February 10, 2022. He said there were several ways for property owners to pay their taxes, including by mail, online, by phone or in person at the County’s Headquarters or at any Key Bank location until February 3rd.

Mr. Grogan-Myers said that relatedly the County Board of Revision was receiving property valuation complaints now through March 31st at 4:30 p.m. He said more information about how to file a complaint and the Board of Revision process were available at their website: www.bor.cuyahogacounty.us.

MAYOR'S REPORT: Mayor Blackwell said this was the first official Council Meeting of 2022 and there were new people since the election. She said Council was the Legislative branch of the government for the City and that Law Director Frank Consolo was part of the Judicial branch. The Mayor said the Department Reports to Council give the Legislative body the information needed to help them vote on the legislation.

The Mayor said the selection of Council Committees into smaller groups for Finance Committee, Housing, Public Works and Community Life seemed chaotic. Mayor Blackwell said she sensed the frustration but she was a guest at Council Meetings and the Directors were guests also.

Mayor Blackwell said she recently received the Cuyahoga County Child Mortality Report that identified three (3) major causes of child deaths in our community which were prematurity, sleep related and homicide. She said the largest decrease has been in the category of prematurity but that the highest category was sleep-related deaths. The Mayor said the homicide category included those caused by neglect. She said all of these child deaths were preventable deaths.

The Mayor said this report indicated that the inner ring suburbs had three (3) sleep-related deaths and that black babies were two times more likely to die from these causes.

Mayor Blackwell announced that Congress and President Biden have approved legislation that will earmark \$500 million dollars for infrastructure repairs including bridges. The Mayor said that although none of this federal funding can be used for local road repairs, City Engineer Ed Hren, along with members of NOACA, will be attending a training session to receive an overview on how to receive money to make necessary bridge repairs or update infrastructure.

The Mayor said with the increase in Covid cases high quality masks will be available to everyone at no cost. Mayor Blackwell said she was working with Fire Chief Kavaliunas and Mrs. Vopat to distribute these masks. She said residents in need of masks should contact Mrs. Vopat.

Mayor Blackwell said income tax collections were the largest source of revenue for the City and property tax collections were the second highest source with most of that revenue paid to the school district and the parks, etc. She said grants were the only other source of City revenue. The Mayor said H.B. 197 passed by the Ohio General Assembly has changed how municipal income tax will be paid. She said that people who worked at home during the pandemic while their offices were closed will now pay municipal income tax to the City of their residence. The Mayor said there will be winners and losers with the new tax law. Mayor Blackwell said the Cuyahoga County Mayors and City Managers Municipal Income Tax Committee has been lobbying at the State Capital to find out how this will impact city budgets. The Mayor said cities must consider alternative revenue options if municipal income tax would go away.

He said Council will need to discuss changes to the 220 Rules at later Committee of the Whole Meetings to fix the issues presented at tonight's meeting.

Mr. Jackson said Council also needed to be more disciplined since there were too many side discussions and talking during the meeting.

Mr. Jackson said he saw the tension among Council and that he was not sure how to fix it but everyone will need to work together respectfully to move individual egos out of the way and work for the betterment of the City.
