James came in to the station, upset that his neighbor, Mitchell, is still harassing him. According to James, he has moved out of the city due to the situation with his neighbor. For the last 3 weeks when James has come back to his property for upkeep until the house is sold, he has what he describes as debris (which he told me were twigs) in his yard. James informed me Garfield Heights Court had issued a no contact order against Mitchell. James informed me he had contacted the victim's advocate and was instructed to come to MHPD to make a report. I did locate the no contact order and discovered it is valid. The no contact order states Mitchell will not harass, have any communication of any kind with the protected parties, nor will he erect any signs which could reasonably be determined as directed against the protected parties. James stated he does not have video of Mitchell placing the twigs on his property, but has photographs of the items on his yard. James stated he would email the photographs, as he didn't have them with him. As of 08-29-22, at 1437 hours, I have not received the photographs. When I receive the photographs, they will be attached and the report status will be evaluated. STB514

-- From 08/29/2022 18:47:03 To 08/29/2022 18:47:04 Disp R212 --

The caller stated that the apartment complex has been doing work on the garage doors and this work has involved removing the locks from the garage doors. In turn the garages have been unlocked from several weeks to several months. On 08-27-22 she was inside her garage and thought something did not appear to be right, but she did not have time to check. On 08-30-22, she did return to her garage and discovered several items were missing. They are as follows: 3 rims and tires, purchased in 2005, unknown value; a Craftsman tool box, valued at \$120.00.; finger and toe nail polish, tools, etc that was inside the tool box, valued at \$400.00; a metal utility shelf, still in the box, valued at \$40.00. The caller stated she last saw the items in the garage approximately 2 weeks ago. She has already spoken to the property manager who is going to review the security cameras in an attempt to get a more precise time and possible suspect description. If they are able to determine anything, the caller will contact Cpl. Basiewicz. At this time the caller wanted this documented for insurance purposes. STB514

SHEET FOR 514

Received through email.

My name is shamariah yehudah

I reside at 15900 Maple heights boulevard Apartment 302 Maple heights Ohio 44137.

Since I moved here August 31st 2021 I've been having problems. & I'm very concerned about my safety.

I called Maple heights police when ever I have a problem. From safety issues to noise complaints.

Please check the records for this address.

I have an ongoing issue I'm very concerned about.

The tenant that lives below my apartment at the above address, has a lot of traffic in,& out the building.

It appears to be drug trafficking & more coming from his apartment number:202.

The company that he keeps in his apartment follows me around the city.

Monday August 22 2022

I went to go get my essentials, from the Walmart then I proceeded to Southgate Giant eagle, where I bought it the 40 bus to come to this apartment building in which I reside, one young man boarded the bus, sat in the back and begin texting. Upon my arrival at the apartment building located at 15900 Maple heights boulevard I know this a burgundy-ish vehicle following me and looking at the bus waiting for me to get off, as he parked in the parking lot to the apartment building. I know that this young man do not reside at this apartment building. He knows someone that live here.

He made it in the building before I did, and tried to hold the door for me.

I told him no thank you.

I have the key.

I waited until he went wherever he was going, then I proceeded to my apartment.

August 27th 2022 I noticed that someone tried to break into my apartment again for the third time since I resided here between the hours of 1:00 a.m. and 3:00 a.m.

August 28th 2022 between hours of 4:30 p.m. and 5:45 p.m. I noticed the same burgundy- ish vehicle followed by a white vehicle was parking in the parking lot as I was going to the Save-A-Lot, as I reached the parking lot of the Save-A-Lot, approximately a minute after the female that was in the same white vehicle that was parking in the parking lot of this apartment building, parked in front of the Save-A-Lot to wait for me to come out and she was texting on the phone, as I was approaching 15900 Maple heights boulevard it was two guys obviously waiting at either the bus stop or at the wooded area, they begin walking towards me as I was trying to gain entry into my building. I saw them coming so I started to move faster, I opened the building door, and I closed it right behind me, quickly check my mailbox. and close the other lobby door behind me. When in my apartment and shut my door and locked it.

As requested in the email, I called the caller. She stated she did not want to be overheard. When I asked her what was going on she asked me if I had read the email. I told her I had and she said I should know what is going on.

She stated she does not feel safe because aptment #202 has several people coming in and out of the apartment. I explained to her that this is not a crime. She then started talking about the white Kia and burgandy colored car. When I asked her if she had license plates for the vehicles she stated she did not. The caller also stated she did not feel safe because of the numerous people that walk along the street. I informed her this was not a crime. She asked me if I had seen the pictures she had sent with the email and I informed her there were no pictures attached to the email that was sent. When i asked her what she would like to see done, she informed me that she wanted me to get a search warrant for apartment #202. I informed her people walking in and out of the apartment was not probable cause for a search warrant. She stated I should be arrested. She then asked for the attorney general's phone number. I informed her I did not know what it was, but she could look it up online (I was sitting at a computer that had not been logged in). She then called me a liar and said I did have it. I advised her I did not know what it was since I do not call it. She requested my name (I had introduced myself when I first spoke to her). I spelled my name twice for her. She then told me she would be contacting her council person and called me a "bastard". STB514

On August 30, 2022 at 07:44 hours, an Email report came in to the Maple Heights Police Department reporting a possible theft that occurred using the OfferUp application. The complainant, Alfredo Negron, advised he listed a Playstation 5 on OfferUp. He received an offer to purchase the gaming system for \$600.00 from an individual named Delshawn, however, it's believed that is not his actual name per Alfredo. Both parties arranged a meet up on August 29, 2022 around 10:00 hours at the Maple Heights Library. After meeting up, the gaming system was given to Delshawn and supposedly he paid \$600.00 via Cash App for the item, however the payment never went through to Alfredo. After voicing that he did not receive the payment, Alfredo followed Delshawn back to his residence across from the Library in an attempt to get his item back. Delshawn entered the home and told Alfredo to wait on the porch. After waiting for a brief moment, a different individual exited the home and began "aggressively" telling Alfredo to get off his property. Alfredo then left the scene. CCTV footage was reviewed and a suspect image was located, screenshot attached to the digital media section of this report. Alfredo's Playstation proof of purchase was provided, photo attached to the digital media section of this report. OfferUp sent an Email with suspected associated accounts from Delshawn. Account information follows: Delshawn ID 133132988, Shawn ID 61308807, and Rashaun ID 38191525. The email from OfferUp was forwarded to the Maple Heights Detective Bureau. NAR570

I spoke with Jontay Bell who advised that she last saw her 2018 red Ford Explorer, around 2300 hours on 08/30/2022. At 0815 on 08/31/2022, Jontay observed that her wallet was no longer in the center consol of the vehicle. Jontay also advised the vehicle's center consol and glovebox appeared to be rummaged through. Jontay stated that she believes that her son left the vehicle unlocked overnight as there was no signs of damage to the vehicle. Jontay stated the items that were taken was her wallet (unknown value, unknown brand), her birth certificate, her social security card, an amazon credit card, a discover credit card, a famous footwear credit card, a torrie credit card, and miscellaneous gift cards. No witnesses or usable video footage was obtained. Should a suspect be located, a criminal report may be generated. LK558

Larissa Franklin advised me that Cuyahoga County Medical Examiners Office advised her that a Brittany Pruitt requested a copy of Aleeyah McGill's autopsy report. Larissa is afraid Brittany will use it for fraudulent activities and wanted the incident documented. Larissa advised that Brittany had opened up a PPP loan in Aleeyah's name, which she believes was fraudulent, but was never reported to police. Larissa also advised me she had additional information regarding MA22-10139244 about an individual who sold Larissa Percocets with Fentanyl in them, but didn't have the information on her. She advised she would return with a detective to provide that information. LK558

On the above date and time, I, Ptl. T. Vasko #566 responded to the lobby for a call of harassment. Upon my arrival I made contact with the caller, Patricia Phillips. Patricia stated her son William was recently feloniously assaulted by his boyfriend Raymiere Gilbert (aka Mariah Monique Jones) in Cleveland. William and Patricia made a report of this incident yesterday and are currently pursuing charges against Raymiere. Patricia stated that Raymiere has been texting and calling her phone from 440-805-3755. After reviewing these texts from Raymiere I observed the texts were saying that Raymiere was trying to get into contact with William and stated that he was going to come over Patricia's house (where William is recovering from his injuries). No actual threats were made however Raymiere did state he knows the address. Patricia was advised how to file for a protection order in the Garfield Heights mayors court and only wanted this incident documented at this time. Patricia was also advised if this behavior continues to come back in and report it to me.

I spoke with Audra Baley (DOB 10/22/1987) at 19703 Fairway. She advised that her son Mario Grandston (DOB 02/01/2008, 14 years old), left the side door to the residence open when he went to play outside. Audra advised she was upstairs looking for a change of clothes for her daughter Aniyah Grandston (DOB 12/23/2020, 1 year 9 months old). When she came back downstairs with the change of clothing at 1840 hours, she noticed Aniyah was gone and the side door was partially ajar. Audra checked nearby houses and located her daughter several houses down before police arrived. Audra was advised if another instance occurs, Child Family Services may be notified and she may be subject to an Endangering Children charge. LK558

Melissa stated that she had been arguing with July (who is her son's, Tyrone, girlfriend). During the argument, Tyrone got involved and pushed Melissa. Melissa originally stated Tyrone had pushed her out of the house to the front porch. Melissa later changed it to they had been inside when Tyrone had pushed her and she had fallen. Melissa further stated that Tyrone had grabbed her phone and threw it across the street. More than once, Melissa stated Tyrone had thrown her phone across the street. Speaking further with Melissa, she stated she had gotten off of work at 0700 hours and had been sitting outside in the driveway of her residence. While speaking to Melissa I detected a strong odor of an alcoholic beverage coming from Melissa. I did not observe any injuries to Melissa and she stated she was not hurt.

Other officers responded to the residence. Tyrone had left the residence. Other relatives stated Melissa had been drinking and started arguing with July. During the argument Melissa had tripped and fallen. They denied anything physical had occurred. Melissa's phone was located in the front yard of her residence by the front porch.

Melissa only wanted her phone back.  
 July and Tyrone left to end the argument.

-- From 09/02/2022 12:31:29 To 09/02/2022 12:31:30 Disp R188 --  
FEMALE IS NOT A PATIENT AT CLEVELAND CLINIC, METRO OR ST. VINCENT HOSPITAL.

On 09-02-22, at approximately 1159 hours, I, Cpl. Basiewicz was dispatched to the Cato House, 5260 Cato Street for a missing adult.

The employee, Kelley Strong, related the following: On 08-29-22, Ellen Townsend, left the home for an appointment with her case worker, John Ballom. That day Ellen never returned, but contacted Kelley, at approximately 1715 hours, and said she was getting on the bus and was on her way back. Kelley noted the phone number (216-309-6223) Ellen had called from. On 08-31-22, Kelley called the number Ellen had called from. A male answered the phone and when asked if Ellen was there, the male gave Ellen the phone. Ellen stated she was in the area of E. 55th and Chester with a friend and could come and go as she pleased.

On 09-02-22, Kelley called the phone number again. The male stated Ellen was not currently with her. Kelley called the Maple Heights Police Department to report her missing.

Ellen is a B/F, approximately 5'05, 142 pounds, with brown eyes, black and gray hair. Ellen was last seen wearing a white shirt and a tan coat. She did not have any other clothing or bags with her. Ellen does not wear jewelry, does not have any tattoos, and does not have any visible scars or birthmarks.

Ellen suffers from paranoid schizophrenia, diabetes, and breast cancer. Ellen takes several medications for her medical conditions. According to Kelley, Ellen has not had her medications since 08-29-22. Kelley informed me Ellen has a history of abusing cocaine and alcohol. When asked about Ellen's dentist, Kelley informed me there was no dentist information for Ellen and that Ellen has no teeth and does not wear dentures.

I spoke to Ellen's case worker by telephone. He informed me he had picked Ellen up from Cato House on 08-29-22 to take her to her psychiatric appointment and The Centers, 4400 Euclid Avenue. When Ellen's appointment was complete, he was busy and unable to take Ellen back to the Cato House right away. Ellen told him she would make her own way home. Ellen told him the bus numbers and routes she needed to get back to the Cato House. Ellen was allowed to leave on her own. John informed me due to the situation, he had gone to Wilson Tower's Apartment complex, 1919 E. 55th to look for Ellen due to her having a

history there with an ex-boyfriend. John stated Ellen has a past history with an ex-boyfriend at this location. John checked the building without locating Ellen. John did not know the ex-boyfriend's name or the apartment number.

Dispatch checked the phone number Ellen had been using and was unable to locate any information attached to it. Dispatch also contacted St. Vincent's Hospital, Metro Hospital, and Cleveland Clinic Hospital, but Ellen had not been admitted.

Kelley informed me Ellen is her own guardian.

Kelley provided me with a photograph of Ellen that was taken around 08-01-22.

Due to Ellen's medical conditions, she was entered into L.E.A.D.S as a missing adult (IDX # MX11721268, LID # 11721268).

The missing person spreadsheet was completed.

I spoke with the caller, Erica Harris. Erica stated while seating on her couch she heard an unknown item striking her kitchen window. Erica observed that her kitchen window was shattered. Erica stated she initially thought it was one of her kids. Erica asked her kids and they denied damaging the kitchen window. Erica spoke to her neighbors and they advised her that they did not witness anything. When asked, Erica admitted she does not have security cameras on her home. Erica just wanted this incident documented for insurance purposes. Erica was provided the CAD incident number to give to her landlord. A photograph of the shattered window. ML563

BRYANT YOUNGBLOOD KEEPS COMING TO THE RESIDENCE  
IT IS HIS GIRLFRIEND'S CHILD'S FATHER

Dionte stated his girlfriend moved in with him approximately 10 months ago. The girlfriend has a child with Bryant who they share custody with. Recently Dionte says Bryant has been driving by his house and taking pictures of the house. When asked what kind of vehicle Bryant drives, Dionte did not know and also did not know the color of the vehicle and had to contact his girlfriend to obtain the information, which is strange since Dionte told me he has seen Byrant driving by. Dionte told me that Bryant is supposed to pick the child up from school and evrey other weekend and it sounded like that Byrant was to pick up the child at his house and that the child went to a Maple Heights School. Speaking further with Dionte told me that Bryant had followed the child home from school. When I asked Dionte which school the child went to, he informed me it was a Catholic School on the west side of Cleveland. I explained that we could advise Bryant of criminal trespass and how to obtain a civil protection order, but other arrangements would have to be made for the custody swap since Bryant would not be allowed on the property. Dionte then informed me the custody swap is conducted at another location. From speaking with Dionte, it does not sound like he has actually seen Dionte around the property, but is going from what his girlfriend was telling him. Dionte was informed the girlfriend could speak to me to obtain further information. STB514

PER THE CALLER, THE FEMALE IS COMING BACK OUT WITH THE STICK

Aminah Parker contacted the MHPD to report suspected child abuse at Southgate Plaza near the Mr. Hero. Parker noticed Lalier Dillion push her small child to ground and strike her several times with a stick. Once officers arrived, I observed Lalier standing in front of Mr. Hero with a stick in her hand. Lalier was

surrounded by an elderly woman, who identified herself as the grandmother. There was a small child sitting on the ground directly in front of Mr. Hero. I ordered Lalier to walk towards me. I advised Lalier why I needed to speak with her. I took the stick out of her hand and asked her if she struck her child with this stick, which Lalier stated she "tapped" her child in the leg for acting up. Lalier denied pushing the child to the ground. I attempted to speak with the juvenile, however, she seemed shy. The juvenile was not crying and did not appear to be in pain. The juvenile did suffer from a strong case of eczema throughout her body. Some areas of the juvenile's body had broken skin, it appeared broken from scratching. I looked at the juvenile's leg, but I could not determine if there were any marks due to her eczema. Grandmother stated she told Lalier not to strike the juvenile in public with a stick because people might think she was being abusive. I later checked the Southgate cameras but there was no footage in the area. I contacted AI from 696-KIDS and advised him of the incident (Intake #22417383).

On September 3rd, 2022 at approximately 1453 hours, I, Ptlm. Westfield #554, was radio dispatched to Maple Heights PD Lobby for an animal bite complaint. Upon my arrival, I met and spoke with, Tamika Rivers, who stated while at work her son, Christopher Rivers, contacted her to advise her that the neighbor's dog (Brown Pitbull) attacked her dog at 1420 hours. Tamika's dog sustained injuries and photos were taken and attached to this CAD. I responded to 5045 Anthony St. and made contact with the owner of the Pitbull later identified as, Taylor Powell. Taylor was advised of the complaint and issued two citation for Animal at Large (618.03) and Vicious and Dangerous Dog (618.07). Tamika stated she will take her dog to the vet on Tuesday, Sept 6th. Tamika also signed the citation as the complainant.

-- Clearance From Unit 4547 09/03/2022 20:25:45 --

The complainant, Viola Fleming, said her son had gifted her a dog, Niyla. Viola cared for Niyla for some time when she realized Niyla was pregnant. Viola continued to care for Niyla during her pregnancy and hen she gave birth to the puppies. After some time, Viola's son took the puppies and Niyla back from her and eventually gave Niyla to another female. Viola was seeking advice on how to get Niyla back from either her son or the female because they were not cooperative with her. I advised Viola of civil actions that could be taken against her son and the female who had Niyla. Viola was provided the call number as documentation. MH547

The complainant, Kevin Stoffl, said while he was in his house he heard something hitting the side of his home. Kevin then heard juveniles around his house and in his backyard. While the kids were in his backyard he heard popping noises. Kevin did not know what the noises were and was concerned. Prior to my arrival he checked the exterior of his home and found no damage. I spoke with the juvenile neighbor who said one of his friends was playing with an "Orbie Gun" which shoots gel projectiles and creates a popping noise when fired. The juvenile was advised to stay on his property when he is with his friends. Kevin was informed of my findings. MH547

 WANTS A REPORT FOR STOLEN LICENSE PLATE

PDN

I spoke with the complainant, Regina Lacey. Regina explained she and her husband had not been living at the address and are trying to sell the house. Regina's Audi A6, which needed repairs, had been sitting in the driveway of the home while they were away. Regina said the last time she saw the front license plate on the Audi was August 31, 2022 at approximately 1700hrs. She returned today and found that the front license plate was missing. It was unknown when the plate was taken or who had taken it. Regina did not have active surveillance cameras on the residence and, after canvassing the area, I found no surveillance cameras on neighboring residences. Regina's front license plate was entered into LEADS as lost/stolen. There are no suspects at this time.

CITED FOR INTOX // TRANSPORTED

The security officer informed me that when he arrived for work at 1200 hours, he saw Billy sitting on the bench. While working inside, a customer informed him a male was passed out by the bench outside. When he went outside, he observed Billy facedown on the sidewalk and was unresponsive. The Maple Heights Police Department was contacted. When I arrived, Billy was sitting on the sidewalk with his back against the bench. When I asked Billy for his ID, he had difficulty getting his wallet out of his pocket. Once Billy did get his wallet, he was unable to locate his ID (which was in plain view in a pocket in the wallet). While speaking to Billy, I detected a strong odor of an alcoholic beverage coming from him and observed his speech was slurred and "mushed mouth". When asked for a phone number of someone to pick him up, Billy gave the wrong number for his wife. The Maple Heights Fire Department responded to the scene. When they attempted to have Billy stand up to walk to the squad, he could not stand without support to the point where they brought the stretcher to him to prevent him from falling. They transported Billy to the hospital. Billy was cited for disorderly conduct and given a Garfield Heights Municipal Court date. Officers later located the correct phone number for his wife and contacted her and informed her of the situation. STB514

The male had entered the store and picked up 2 water faucets and an electrical outlet from the shelf. He then went to the return desk where he had a receipt for

the items (he had purchased them earlier at a different store). He received a refund for \$156.00 and left the store. By the time loss prevention could verify that the male had not returned the actual items he had previously purchased, the male was exiting the store. Loss prevention called for the male to stop, but he did not stop and entered a maroon Ford car that left the area. At this time, loss prevention just wanted it documented. If they see the male in the store again, they will call the Maple Heights Police Department. The video shows the male as a taller, skinny B/M with what appears to be a beard. STB514

On September 4, 2022 at 1356 hours, complainant Mario Gordan came to the Maple Heights Police Department to report a stolen package from his residence. Gordan stated that the package contained an order of tennis shoes from the company Balenciaga. Gordon showed an online order form with the total cost of the shoes being \$1,177.20 after tax. Gordon provided a shipment tracking number, 1LS72955991SYLP, from Laser Shipping. Gordon further showed a shipment delivery confirmation with a time stamp of being 1024 hours on September 4, 2022. The delivery driver provided a photograph for proof of delivery, however, Gordon stated that the photograph showed the next-door neighbors, Mrs. Neptune, back porch. Gordon contacted Mrs. Neptune and she advised that she did not have the package. Gordon then showed CCTV Ring camera footage of the suspected driver in the next-door neighbors drive way at approximately 1024 hours. The delivery driver is observed driving a white-colored SUV with a front passenger side hubcap missing from the rim. No clear personal identifiers of the driver were obtained from the CCTV footage; However, the driver is observed carrying a package to Gordon's next-door neighbor's residence. The same driver is observed going back to his vehicle with, what appeared to be, a package. Gordon advised he contacted Balenciaga in attempts to get the delivery drivers information. Gordon stated he needed police documentation to move forward with the request. Gordon was given the CAD number for follow up with Balenciaga. NAR570.

-- From 09/04/2022 16:49:34 To 09/04/2022 16:49:35 Disp R261 --

Tameka, the general manager, stated she had received a phone call from assistant manager, Loretta, informing her of a problem when they fired Marcus. Loretta stated she had received a call from a female claiming to be Marcus' sister stating she was going to come up to the store and fight her and shoot at the store, because of Loretta hitting Marcus with a freezer door.

Loretta related the following: Marcus had been fired for his behavior and calling Loretta names. Marcus was fired on 09-04-22, at approximately 1500 hours. After firing Marcus, Loretta went back to work and went into the freezer. When she exited the freezer, she did not realize Marcus was standing behind the door and the door hit Marcus. Marcus started yelling and calling Loretta names. Marcus was told to leave, which he did. Shortly after Marcus left, Loretta received a call on the work phone from a female claiming to be Marcus' sister. The female stated she was going to come to the store to fight Loretta and shoot at the store. Loretta hung up on the female who did not call back. Loretta called Tameka and informed her of the incident. Tameka responded to the store and gathered further information and called her supervisor who instructed Tameka to document the incident with the police.

Loretta informed me they only wanted the incident documents and to have Marcus advised of criminal trespass.

I contacted Marcus by telephone and informed him he was not allowed to have any contact with KFC and was not allowed on the property. When I asked Marcus who his sister was, he told me she didn't have anything to do with the incident. When I informed him of the allegations, he denied it. Marcus would not provide me with his sister's name or address and hung up. In searching through Accurint, the number shows it could have been active for someone with the name of "L Phillips". Accurint did not show any direct connections to Marcus on anyone with the last name of Phillips. They were advised to call back if any further suspicious activity takes place. STB514
