

**NOTICE TO RESIDENTS
CITY OF MAPLE HEIGHTS
ROADWAY REPAIRS AND RESURFACING**

**-WHEELER, MAPLE, THOMAS
-KENTON, DONNYBROOK**

Specialized Construction Inc. will be commencing with roadway repairs and resurfacing starting **on or about October 13, 2021.**

The road work will include the milling (removal) of the existing asphalt surface, pavement base repairs as required and placing 2 inches of new asphalt this Fall. The application of a chip seal surface and a fog seal will follow in Spring 2022. This project is expected to take **approximately 10 days to complete all streets.**

We request that during this construction period you do not use the street for parking during the day or night. The construction method being used will require us to have access to the entire pavement during regular working hours.

ROADS ARE NOT EXPECTED TO BE CLOSED DURING CONSTRUCTION AND TRAFFIC WILL BE MAINTAINED.

We apologize for any inconvenience in advance and look forward to completing this project as safely and quickly as possible.

Should you have any concerns please contact our office.
