

## **Greenhurst Drive Bridge Demolition (CUY-Greenhurst Bridge Demolition, PID 119972)**

### **Project Description**

- The City of Maple Heights, working in cooperation with the Ohio Department of Transportation (ODOT) will demolish the existing structure over Mill Creek. A proposed T turnaround will be installed along Greenhurst Drive south of the structure and a cul-de-sac will be constructed along McCracken Road to the east of the bridge to facilitate turnarounds for school buses and emergency services. The bridge is currently closed to traffic.
- The Stage 1 plans are complete and available for review upon request. Local traffic will be maintained during construction.

### **Anticipated Project Schedule**

- Design Complete/Approved – July 2025
- Project Award – February 2026
- Construction Start – May 2026
- Construction Complete – October 2026

### **Estimated Project Construction Cost**

- \$529,000

### **Project Funding Sources**

- ODOT

### **Public Input**

- Public input for the proposed project is welcome. Public comments will be received until March 30, 2025.
